

**FRANKFORT AREA TAKES LEAD
IN SUBSCRIPTION CAMPAIGN****Mrs. Heisner Takes Over First Place
In Determined Race for Grand Prize**

Mrs. Katharine Heisner	Frankfort	3,470,000
Mrs. Virginia Sass	Marley	3,460,000
Mrs. Minion	New Lenox	3,440,000
Mrs. Mrosek	Orland Park	3,390,000
Mrs. Creta Keuch	Tinley Park	3,380,000
Mrs. Anton Benson	Mokena	3,360,000
Mrs. Chas. Hostert	Mokena	3,330,000
Mrs. Mary Ritchey	Orland Park	3,300,000
Mrs. Florence Crouse	New Lenox	2,980,000
Mrs. E. Erdmann	Mokena	2,190,000

**Name John Francis
Supervisor for
New Lenox Town**

When the New Lenox town board met Monday they named John E. Francis, of New Lenox, to serve as supervisor for the township to fill the vacancy caused by the death of his cousin, Fred A. Francis.

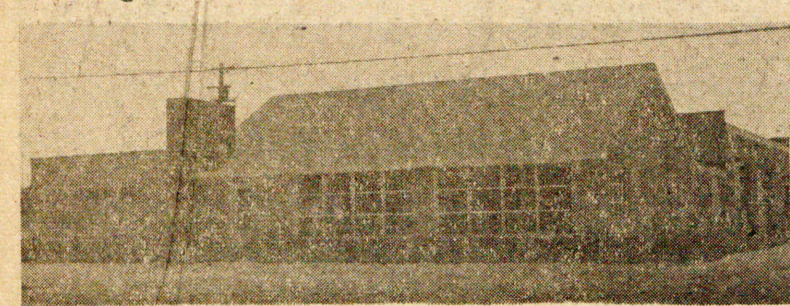

John E. Francis is no stranger to New Lenox in which township he has lived all his life. He owns several farms, one of which he operates himself. He lives in the village and is also an agent for a nationally known fertilizer company. He will serve the unexpired term of Fred A. Francis, which runs until 1955.

Mr. Francis will be officially accepted in the Will county town board of supervisors at their meeting Nov. 23. This is his first political position.

The county board, at their Nov. 23 meeting, is expected to name the successor as chairman of their board which the death of Fred A. Francis left vacant. There is much indication that Meade Baltz of Joliet might be chosen to fulfill the vacancy.

MOKENA SCHOOL

The second in a series of youth activities sponsored by the Mokena school PTA will be a motion picture, "Heidi," to be shown at 8 p.m. Saturday in the school. There will be an admission charge.

**Batson Equipment Co. Moves Into Fine
New Quarters on Route 30 in New Lenox**

New home of Batson Equipment Co., on Route 30, in New Lenox. —Robert Porter Photo

Batson Equipment Co., New Lenox, have just completed moving into their newly built place of business on Route 30, directly west of the Wabash tracks. The new building is made of cement blocks with a brick front, and plenty of windows. Shown in the picture is the store room, which is 85 feet wide by 56 feet deep. In connection with it is their work shop, which is 50 by 60 ft. It is an entirely modern building, fully insulated, with a hot water heating system. It is located on 4 1/2 acres of ground, with ample space for parking on the west side of the building. There is plenty of room for expansion.

The owner is Ceward W. Batson, who was born in New Lenox and has lived there all his life.

**Annual Turkey
Dinner Sunday at
St. Jude's Church**

A good old fashioned turkey dinner will be served at St. Jude's church in New Lenox this coming Sunday, Nov. 15. This is an annual event. Serving will start at 12 o'clock noon. Games will be played and prizes awarded. Everybody is invited.

Chairman of the affair is Mrs. Clarence Wise, assisted by Mrs. Everett Merfeld. In charge of the dining room is Miss Mary Lacey, assisted by Miss Nora Lydon and Mrs. Walter Bernard. Mrs. Ivan Archibald is in charge of the kitchen, assisted by Mrs. Ray Reiter, Mrs. Sheldon Hauck, and Mrs. Ben Martin.

SCHOOL CARD PARTY

A card and bunco party will be given in the Hinsper school district 154 next Friday evening, Nov. 20 starting at 8 p.m. Pin-ochle and bunco will be played with prizes to be awarded. Refreshments will be served. Everyone is invited to attend.

On the hostess committee are Mrs. Peter Winkler, Mrs. Victor Shevokas, Mrs. Jake DePorto, Mrs. Norval Strassenberg and Mrs. Ralph Heisner.

A pitched battle for supremacy in The Semmler Newspapers subscription campaign grew hot and heavy last week with the changing in the standings being the rule rather than the exception.

The lead changed hands by the slimmest of margins and Mrs. Katharine Heisner of Frankfort moved into first place, replacing Mrs. Virginia Sass of Marley who dropped into second. Mrs. Minion of New Lenox moved to third place replacing Mrs. Charles Hostert of Mokena. Mrs. Creta Keuch has moved very rapidly from seventh place to fifth place, replacing Mrs. Anton Benson of Mokena.

The work which the candidates do before Nov. 28, the close of the first period, will decide just where they are going to stand when the votes take a big drop. To remain in the top bracket, candidates will have to overcome the really stiff competition that is developing among the candidates.

Delay in taking new or renewal subscriptions to the papers can cost your favorite candidate the contest. If you will act now, by contacting your favorite candidate, or by calling the Semmler Newspapers office at Mokena 3521, your candidate can take advantage of extra votes which can mean victory in this event.

"If you come to the office, your candidate will be given credit for your subscription and the time you save that candidate, she can use to call on more distant subscribers," Marvin Smith, campaign manager said as he announced Monday night's standings as follows:

life. For 20 years he was associated with the New Lenox Lumber and Hardware Co. Just five years ago this month he went into business himself, having received the agency for the International Harvester trucks and tractors. His old place of business was on Oak street.

The business of the Batson Equipment Co. has increased so much in the past two years that it was necessary to build a bigger plant. They have seven employees. Their service work was discontinued for two weeks while the move was in progress, but they are now in full operation, with plenty of room for expansion.

The many friends of Mr. Batson congratulate him on the addition of this fine new building to New Lenox, and wish him many years of success.

**W. E. McCleary,
Former Mokena
Educator, Dies**

Mr. and Mrs. Cappel received word yesterday morning of the sudden death of Mr. W. E. McCleary, superintendent of the West Aurora high school. He died at 10 o'clock Wednesday morning, very suddenly. He was a former principal of the Mokena high school.

Mrs. Cappel had attended a principal's meeting in his new high school just a week ago, Wednesday, Nov. 5, when he appeared to be in excellent health. Further particulars are not known.

Mr. and Mrs. Cappel called at the funeral home in Aurora Wednesday evening. Funeral services will be held at two o'clock tomorrow, Friday, in Aurora.

**Morning Star
Mission to Observe
44th Anniversary**

The Peter McCarthy Morning Star Mission will observe its 44th year of continuous operation with a special service at the Mission on Collins street, Joliet Nov. 18, starting at 7:30 p.m.

**St. John Sunday
School Plans Fall
Winter Sessions**

After group studies on curriculum materials the St. John's Sunday school staff, Mokena, decided on new courses which will give the pupils a better understanding of biblical truth. These will be used beginning with the first quarter in the new year.

Because of the growth of the school in recent years the children's Christmas program will be held in two sections this year. The older children will have theirs on Sunday, Dec. 20, and the smaller on Christmas Eve.

The officers elected to serve for the year are: Supt. Adolph Steen; rec. sec. Joyce Cummons; treas. Edith Creer; Fin. Sec. Henry Clark, Jr.; periodical sec. Ronald Bettenhausen; enrollment sec. George Dath Jr.; materials sec. Marjorie Leyerle; children's div. chairman, Elfrida Kropp; cradle roll supt., Lydia Rauch; nursery supt., Virginia Erickson, kindergarten supt., Gertrude Muehler, primary supt., Gladys Swanberg.

An adult Bible class has been added for adult Christian education.

The kindergarten and primary departments recently gathered and sent at the cost of \$35.60 postage, 145 pounds of warm clothing to Korea via the APO services. The upper school children are now gathering funds to "Be Their Milkman", whereby surplus powdered milk is made available for needy Korean children, mothers and old people. It costs 2 1/2 cents per pound for trans-shipment and distribution. Our government grants the milk free of cost.

**Mokena School is
Host as PTA Area
Council Convenes**

Helen Rusnak, state PTA council adviser, spoke last Thursday before a group of the PTA area council in the Mokena Public school.

She explained the duties of the council and the many possibilities of helping out in communities where future help may be needed. She also spoke of ways in which to make the PTA a better organization.

There was a general discussion in which representatives of local units asked Mrs. Rusnak for aid with their particular problems. After the discussion, the regular business meeting was called to order by Mrs. Burton Breidert, council vice president.

According to Mrs. Rudy Urbano, Frankfort, the next meeting of the council will be the Founders' day banquet February 4. The council officers urge all PTA members to attend.

**Mark 50th Birthday
Of Wayside Workers**

More than 66 members, former members and friends of the Wayside Workers' circle of King's Daughters attended a 50th anniversary program and tea Thursday in the Homer church.

Old times were recalled throughout the afternoon, and Mrs. Harold Henke and Mrs. Walter Nelson, daughters of circle members, provided musical selections. They were accompanied at the piano by Mrs. Walter Boekholdt.

Among the guests were county officers Mrs. J. L. Pfeiffer, Mrs. R. D. Richards and Mrs. Henry Brunings, all of Joliet, and state secretary Mrs. Glenn Miller, Lockport. Also present were guests from Peotone, Joliet, New Lenox, Plainfield, Lockport, Marley and Chicago.

Refreshments were served in the dining room of the church, from a lace covered table where the president, Mrs. F. L. Paddock, and vice-president Mrs. Wilbur Francis presided over the silver tea services.

**Call For Service
Men's Addresses**

A request is made to families of service men from Mokena to send their latest address as soon as possible to Mrs. Leslie G. Clark, Box 354, Mokena. The purpose is that they may be re-located with a gift at Christmas from the Ladies Auxiliary to the Wm. Martin Post No. 725, VFW.

TURKEY SUPPER

St. Peter's Evangelical and Reformed church, Frankfort, will hold a turkey supper from 5 to 8 o'clock tonight in the church. It will be served by the Woman's Guild, which invites the public to attend.

The Smithsonian Institute in Washington was established in 1826.

The mission is called the friend of the last, feast and the lost. All friends are invited to the services and to see how they are conducted.

**WILL COUNTY
ZONE APPEAL
BOARD TO MEET**

The Will County Zoning Board of Appeals will meet in the Frankfort village hall Friday evening, Nov. 20, at 6:15 to consider the request by William L. Knippel, of Frankfort, to re-zone an area 365x225 feet on the s. w. corner of the intersection of Routes 30 and 45 from an F (farming) to B-1 zone. Mr. Knippel plans to build and operate a motel on that property.

On the same evening at 6:45 in the Rock Island depot at New Lenox the following requests will be considered:

A request for re-zoning by Neal and Carolyn Skvore of the south side of Route 30 just east of New Lenox. Lots 3 and 4 of New Lenox farm from R-2 to B-3 for the purpose of erecting and operating a grocery store, delicatessen and package liquor store.

A request for re-zoning by John C. Uhrhammer, Lot 57 in Lincolnwood subdivision in New Lenox township on the north side of Route 30 about two miles east of New Lenox to build and operate a store.

A request to re-zone by Robert Fredin of Lot 52 in Lincolnwood subdivision in New Lenox township on the north side of Route 30, two miles east of New Lenox, for the purpose of constructing an apartment building.

**Reviews Sandburg's
Poems at St. John
Sunday Evening Cl'b**

Beverly Schultz, teacher of English and Latin at the Orland Park high school reviewed Carl Sandburg's book of poems entitled "The People, Yes" at the Sunday Evening Club of St. John's Evangelical church in Mokena Sunday, Nov. 1st. She was introduced by another faculty member of the Orland high school, Mrs. Hilda Geuther, teacher of home economics.

Miss Schultz spoke briefly of the life and background of the most famous living Illinois poet, of his love for Chicago and Illinois, of his biography of Abraham Lincoln, and of his unusual type of poetry; the style and meaning. She then read and interpreted portions of several of Sandburg's poems and played a recording of other selections from "The People, Yes", read by Carl Sandburg himself.

This book review is a part of a high school project in Orland Park designed to familiarize the students and other community groups that may be interested with the life and works of the famous Illinois poet in whose honor the Carl Sandburg high school has been named.

In addition to Miss Schultz's teaching duties in Orland Park, she also sponsors the Dramatics Club, which has started rehearsals on two one act plays, "Six Who Pass" and "The Happy Journey," to be presented in December.

"FEATHER PARTY"
An old fashioned feather party will be held Saturday, Nov. 21, at 8 p.m. in St. Mary's church basement, 195th street and Wolf road, Mokena. There will be games, and awards of turkeys, geese and ducks. Hot turkey sandwiches and pumpkin pie will be served, with coffee and soft drinks.

Celebrate Gold. Wedding With Open House

The golden wedding anniversary of Mr. and Mrs. Nicholas F. Heiman of Mokena, will be observed Sunday, Nov. 15, at an "open house", from 2 to 5, in St. Mary's hall at Mokena. Their children are sponsoring the observance.

Mrs. Heiman, 72, was born in Chicago Heights, the former Anna Sons, one of 13 children. Only two of these 13 are still living, herself and her sister.

Mr. Heiman, who is 74, was born in Joliet and followed the heating and plumbing business. He is now retired. The couple were married in Chicago Heights Nov. 15, 1903, and following their marriage lived in Chicago Heights and Chicago.

**Mrs. J. Mateljan
Dies Suddenly in
Her Joliet Home**

Mrs. Juanita Mateljan, 23, of 1202 E. Jackson st., Joliet, the former Miss Juanita Stermer of Mokena and Frankfort, died suddenly in her home Friday evening at 11 o'clock from a cerebral hemorrhage.

Juanita, the daughter of Mr. and Mrs. George Stermer, lived in these two villages and also at Spencer when her parents lived there. She and her family were dinner guests of friends Friday evening, and she was apparently in good health. She returned home and had just put the children to bed at 10 o'clock when she collapsed. The Joliet in-halter responded quickly and worked over her for half an hour, but to no avail. Sheriff's deputies removed her to St. Joseph's hospital, where she was examined by a physician and pronounced dead.

Juanita was born in Joliet January 19, 1930, and for the past seven years was employed at the Joliet Arsenal. She was united in marriage to Joseph Mateljan in Pennsylvania June 1, 1948, and in September, 1952, they were divorced.

Surviving, besides her parents are two sons, Robert, 2 1/2, and Ronald, 4 1/2, two brothers, Kenneth of Seattle, and Lester of Chicago, four sisters, Mrs. Carol Schilling of Frankfort, Mrs. Margaret Gannaway of Tampa, Fla., Mrs. Grace Stoll of New Lenox and Miss Jeanette of Joliet.

The body was removed to Sonntag Funeral home in Joliet where funeral services were held Tuesday afternoon at 1:30 with Rev. John Taylor, pastor of the Ridgewood Baptist church, officiating. Burial was in Oakwoods cemetery.

**Ordain Wife of
Former Resident**

Ordination of Mrs. Robert H. Klepper, wife of the pastor of the Prospect Heights Community church, took place Oct. 24. Her husband is a native of Frankfort.

The sermon was given by Dr. Paul Louis Lehman of the Princeton, N. J. theological seminary and who married the couple in 1943.

Mrs. Klepper is the first woman minister of the Evangelical Reformed denomination in the Chicago area, and the sixth woman to be ordained into the denomination. She is a graduate of the Union Theological seminary of New York, and became associate pastor of the Prospect Heights church last year.

Her husband is the son of Mrs. Bertha Klepper and the late Fred Klepper of Frankfort, and a graduate of Joliet Township high school, Elmhurst college, and the Union theological seminary. The couple has one child, Ceinwen, 8.

**Rinke Aviary Takes
Honors in 2 Shows**

Two trophies and 10 first place blue ribbons for parakeets were captured by Rinke's Three Sisters aviary in the Illinois budgerigar show held Oct. 31 to November 1 in Austin, Ill., and last week in the Greater Chicago Cage Bird club show.

Their birds also took four second and three third place ribbons. They had 12 birds entered in each show.

**Farmers Warned to
Look Out For This
Man; Check Bounces**

Patterson Brothers, who have been conducting a poultry business on Route 45 near Frankfort for the past 14 years, were swindled last week, the first time in all their business experience.

On Oct. 27 a man who gave his name as Elmer Bruns bought some poultry and gave them a check for \$52 drawn on the Southeast National Bank of Chicago. As this "Mr. Bruns" had bought from Patterson Brothers before and always paid cash they had no hesitancy in accepting his check for this transaction. The check came back last Wednesday, "Mr. Bruns" being unknown at the Southeast National Bank. Patterson Brothers are "out" \$52.

To warn farmers and business men about this phoney Mr. Bruns and possibly prevent them from being fleeced, Pattersons give this description of the confidence man. He is rather short, around five ft. six inches tall, about 50 years of age, and drives a station wagon.

**VOTE \$31,517
AT LINCOLN WAY
FOR EQUIPMENT**

Awarding of additional contracts on fixed equipment of the Lincoln-Way Community High school on route 30 were made Wednesday at a meeting of the board of education.

Bids totalling \$31,517 were approved.

The meeting was held in the Mokena grade school, with three members of the Childs and Smith architectural firm present to assist in evaluation of the various bids. Also attending was Sigurd Nyman, superintendent of construction for the Robert G. Regan company.

Walter Gougar of New Lenox showed colored motion pictures of the building project, taken at various times since the ground breaking ceremony. He plans to take additional pictures as the building progresses.

Considerable study was necessary on the bids submitted for the large folding door and folding bleachers in the gymnasium. The figure of \$12,268 by the H. H. Preble Distributors, Chicago, was accepted for the door and bleachers for one side of the gymnasium. An option for the remainder of the bleachers was taken, provided funds are available. Top bid on these items was \$20,314.

In using the bleachers, which fold back against the sides of the building, and the folding door, the gymnasium can be converted into two regulation sized basketball courts.

A contract of \$3,190 was awarded to the J. E. Porter Corp., Chicago, for portable basketball backstops. Two will be of the rollaway type, and will fold up for storage when not in use. Another company bid \$90 less, but their backstops were not as well known, and the company located some distance away.

A small laundry to take care of the students' towels and athletic uniforms, an automatic washer and commercial type dryer, will adjoin the gymnasium. The Chicago Dryer company was awarded the contract on a bid of \$1,800. High bid was \$2,713. Originally it was planned to secure this equipment at a later date, but according to the architects it would be difficult to install the machinery, because of its size, after the building was completed.

The Medart company will install an automatic basketball timer and scoreboard at a cost of \$1,075. Approved also was the purchase of 11 water coolers for a sum not to exceed \$2,184. The sum of \$7,000 was approved for shop machinery, and additional bids will be called for.

The purchase of venetian blinds was postponed for a later date. These will be needed to properly darken the rooms for the use of visual aid programs.

**All Invited to
Community Sing at
Methodist Church**

A "community sing" will be sponsored by the Mokena Methodist church Sunday evening, Nov. 15, starting at 7:30 p.m. following the regular MYF service. A feature of the occasion will be special music by the Junior choir of the Union Ave. Methodist church, Chicago, under the direction of LeRoy Harling, also music by Mokena's newest instrumental group. Admission is free, and everybody is invited to join in the singing.

SCRAP, PAPER DRIVE

The Explorer Scouts, Post 40, are having a scrap metal and paper drive November 14. There will be a house to house canvass. For special pickups notify Fred Rauch, Jr., Mokena 2681.

**SUNDAY SERVICE TO MARK 25TH
BIRTHDAY OF COMMUNITY CENTER****FREE COOKING
EXHIBITION
IN ORLAND**

The Cooper Electric & Furniture Co. of Orland Park will sponsor a cooking demonstration to be held in the Orland Park high school gym next Wednesday, Nov. 18, at 7:30 p.m. Miss Frances Johnson, home economist for the General Electric, will demonstrate how to cook electrically and economically, and show new cooking habits.

It promises to be a most interesting demonstration, to which everyone is invited. There will be no charge, and there will be free favors for the ladies, gifts for the children, and a bit of snack to eat. Prizes will also be awarded.

**42 Have Joyous Time at Lion's Ladies'
Night Meeting in Mokena Last Thursday**

Three Lions, dressed in bib and tucker, played the role of "The Three Little Lions", at the Ladies' Night meeting last Thursday. Shown, busy with all day suckers are, left to right, Lions Walter Welsch, Andrew Harr and Henry Shevlin. Top: Mrs. Everett Cooper and Walter Spiewak.

The Mokena Lion's club ladies' night was held at the Schrage restaurant last Thursday evening, with 42 present. A roast beef dinner was enjoyed by everyone. Following the dinner an enjoyable program was presented.

President Ray Hoolehan made a speech of welcome to the ladies. Lion Milton Geuther, assisted by W. A. Muehler, Everett Cooper, and Mr. and Mrs. Thos. Powers presented games. Mr. and Mrs. George Bills led the group in singing, accompanied by Lion Lyman Teague at the piano.

Mr. Spiewak did a magician's stunt that went over big, and Lion Blaha took pictures. The

busiest man at the affair was Tail Twister Henry Shevlin, who found many and sundry reasons for assessing his brother Lions for "misdemeanors", almost anything fell in that category. Prizes were awarded for the games.

Announcement was made that the Lions of this district will hold a "feather party" in the New Lenox Lion's Den Saturday evening, Nov. 14. Each Lion group in the area will be responsible for one feature. The Mokena group will be in charge of a game.

The next meeting of the Mokena Lions will be Wednesday evening, Nov. 19.

**FARM YOUTH FUND TO HONOR
MEMORY OF FRED A. FRANCIS**

A Fred A. Francis Farm Youth Fund is to be established to honor the memory of the late Fred A. Francis, county board chairman and president of the New Lenox State bank.

The idea started in New Lenox with the local Lions club. Others wanted to join in the local effort and soon a substantial fund was in hand. They were then invited to include the Home Bureau.

And now donations for the Fred Francis Farm Youth Memorial Fund are beginning to pour into the New Lenox State bank, which has been designated as the collecting agency for the fund.

Through the fund, it is hoped to assist worthy farm boys and girls to complete their college education. Money from the fund is to be loaned to farm students in their junior and senior year of college who might otherwise have to drop out because of finances. After these students are graduated, they will be expected to repay the money that was loaned to them through the fund.

Members of the New Lenox Lions club and the Farm Bureau in which the late Mr. Francis was very active, suggested the fund as a "living" memorial to the county leader who gave so generously of his time and efforts to serve others. They said they felt it would provide

an opportunity for many people to express their gratitude to Mr. Francis for his many favors.

Anyone wishing to make a contribution to the fund is asked to send it to the Fred A. Francis Farm Youth Memorial Fund in care of the New Lenox State bank.

Further plans regarding the fund are to be discussed at a meeting to be held in the office of State's Attorney Frank Masters, Jr., Nov. 23. Mr. Masters has volunteered his services in preparing any legal papers that might be necessary in setting up the fund. He suggested that a not for profit corporation be formed to administer the fund.

It was agreed that the trustees should be: the president of the Will County Farm Bureau; the president of the New Lenox State bank; the county veterinarian; the county superintendent of schools; and the assistant farm advisor of the county who is the official 4H leader in the community.

Mr. Francis, chairman of the county board of supervisors and president of the New Lenox State bank, died suddenly Oct. 29. He was a 4H leader for a quarter of a century and was active in the New Lenox Lions club and in all civic and community affairs not only in New Lenox, but in the county.

**Frankfort Boy in
Recital at Chicago**

Thirteen-year old Rudolph P. Guzik Jr., son of Mr. and Mrs. Rudolph Guzik Sr., and a student in Bloom Township High school, performed Wednesday in a piano recital given by the E. V. Eggert academy in Kimball hall, Chicago.

He played Rachmaninoff's Prelude in C Sharp Minor with three other boys on four pianos. His sister, Leona Joyce, 10, played "American Patrol" with several other children on four pianos. She is a student in the Frankfort school.

**Observe National
Education Week
With Open House**

An open house in observance of Education week will be held from 1 to 3:30 p.m. Friday in the Frankfort school. The teachers invite anyone interested to attend.

Refreshments will be served. Viola Lankenau is the principal. Will county rural school teachers attended a meeting Monday of the Northern division of rural and village schools in Joliet.

CHRISTMAS SEAL DRIVE TO BE LAUNCHED

The annual Christmas seal sale in Will County, to raise funds for the support of the rehabilitation, case finding and educational program of the Will County Tuberculosis association, will get under way Nov. 16, according to Dr. Gordon Richards of Wilmington, this year's county seal sale chairman.

First step in the campaign, which has a 1953 budgetary requirement of \$30,000, is the mailing of Christmas seals to thousands of residents of Will County. The seals were placed in envelopes and made ready for mailing with the aid of the Girl and Boy Scouts, freshmen of Providence high school and County Club League of Will County.

"Our organization this year includes many volunteer workers from the various communities of Will County," Dr. Richards said, "and we are happy and proud to accept their assistance. It is only through the able help of these community leaders that the campaign may be expected to succeed."

This year's Christmas seal bears the joyful face of a singing child, wearing an old-fashioned green stocking cap and muffer, and holding an open book of carols. Dr. Richards said, "We believe it is one of the most beautiful seal designs in the 50 years since the program was begun." The chairman added, "and we know every citizen will be glad to affix these seals to Christmas cards, letters and other mail which may be sent out during the Christmas season. By so doing, each of us

may feel that he is not only spreading good cheer in seasonal fashion, but also that he is making a real contribution to the long-continuing fight to stamp out tuberculosis."

The Wilmington physician noted that, although tremendous strides have been registered in the fight on TB in the past half century, it is dangerous to relax any phase of the program of case finding and education that has proven so effective in the past. There are still many latent and unsuspected cases of TB which escape diagnosis until they necessitate extended hospitalization, he added, and these might often be treated much more effectively if they were discovered earlier.

"Prompt response by those who receive seals through the mail will help us to reach our campaign goal and to keep the vital Will County program going with maximum efficiency," Dr. Richards said.

Among those assisting in the campaign are: Mrs. Margaret Semmler, Mokena, captain; Dr. Gordon L. Richards, Seal Sale chairman.

Under The Cross Of Malta

The regular meeting of the Ladies auxiliary to the William Martin VFW post was held last Thursday. Mrs. Mildred McMillan, president, conducted the business session.

Mrs. Lillian Hahne of West Chicago, fifth district president attended. Mrs. Bertha Ziesmer, in the absence of the hospital chairman, gave a report on a Halloween party given for patients at Oak Forest.

A donation of \$10 for the Morris E. Sachs cigarette fund was voted by the membership. Mrs. Charlotte Bruce, child welfare chairman, reported on work being done for veterans' children who need special medical attention. This is done through penny banks distributed to members. Mrs. Bruce asked that these banks be brought to the next meeting.

The fifth district meeting will be held at 2:30 p.m. Sunday in the VFW hall, West Chicago. The Mokena auxiliary will hold a Christmas party December 20 with Mrs. Bertha Ziesmer as chairman.

She will be assisted by Mrs. Alma Peterson and Mrs. Bruce. Mrs. Virginia Radcliffe, past department chairman, is seriously ill in her home at 912 Thomas st., Oak Park.

HAD 1000 ACES

Mr. and Mrs. Wm. Murphy were dinner guests at their daughter's home, Mrs. Harry Hallinan in Wheaton, last Sunday. In a friendly game of pinocle, which was three handed, Mrs. Murphy, of Orland Park, had the thrill of her life when the bid she made gave her 1,000 aces.

National 4-H Achievement Day to Be Observed Nov. 14

National 4-H Achievement Day is November 14. That's the day when Illinois will join with other states in saluting its 4-H members and their local leaders for the past year's accomplishments.

Throughout the state business and professional groups, farm organizations and other groups are helping to plan local events, in which 4-H'ers will tell of their club's programs and accomplishments.

Members and their leaders

Tips on Touring

By Carol Lane
Women's Travel Authority

Now that the crisp days of late fall are here, "halves" and "quarters" have once more become national by-words. Although the terms have nothing to do with the monetary system, they are tied up with spending—spending leisure time at football games.

For many American families, week-end football games at their old alma maters are a major form of recreation in fall and winter months. They enjoy going to games by car because they can fill the family automobile with blankets, extra coats—and

if the day is particularly chilly—hot water bottles to warm them up.

Other families use their cars for special "picnic parties." They literally turn their cars into "kitchens on wheels" to alleviate the empty stomachs and chills of both parents and younger fans. Nothing is so warming to the spirit as hot thermoses of coffee, tea and soup or broth. Tasty sandwiches prepared before your football-bound family leaves home are perfect for pre and post-game snacks.

Good food, plus the warm comfort of your car heater, offer the perfect end to a typical fall Saturday.

will be recognized and honored. The 4H theme of the year, "Working Together for World Understanding," will be highlighted in window displays, radio programs and other activities.

To Train Leaders For Will County Home Bureau

An Executive Board Training School for the Will County Home Bureau was held November 3 in the Farm Bureau Conference Room, Joliet. Director was Gertrude Kaiser of the University of Illinois extension service.

She explained the responsibilities of the board, stating that members should have knowledge of the federal, state and county policies, and that they are to assume responsibility of county administration and unit participation in county activities, and local leadership. They also are asked to cooperate with the Home Adviser in planning

and promoting the county program.

She stressed importance of attending board meetings, Advisory Council meetings, Officers' Training schools and Program Planning meetings. She also discussed the duties of individual board members.

Mrs. George Boyce presided over an Advisory Council meeting in the afternoon at the Public library. Mrs. Robert Fitzer, vice chairman, spoke on membership and Mrs. John Gorman, financial secretary, asked for suggestions on fund raising. Mrs. Johnson, assistant Home Adviser, asked that Mrs. Harlow Nicholson, 4H chairman, be advised of any new clubs and leaders.

Miss Kaiser was in charge of a Unit Officers' Training school, a discussion of duties of the unit officers.

The group was then divided, with Mrs. Boyce and Miss Kaiser discussing the duties of the unit chairmen, Mrs. Robert Fitzer, those of the vice chairmen, and Mrs. Douglas Edmondson the duties of the secretaries. Program books were given to the

units present for distribution to members.

All units present were urged to send leaders to the training school "How to Combat Worry," to be held at 1:15 p.m., November 18 in the Farm Bureau Conference Room. Marguerite Briggs of the University of Illinois will be in charge.

National Tea Net Profits Announced

H. V. McNamara, president of the National Tea Co., announces that the net profit for the 40 weeks ended Oct. 10, 1953, amounted to \$3,593,502 after making provision for federal income taxes amounting to \$3,720,000. This result compares with a profit of \$2,473,735 after making provision for federal income taxes of \$3,050,000 for the corresponding period of 1952.

After deducting preferred dividends, the above results are equivalent to \$1.94 per common share in 1953 and \$1.35 per common share in 1952.

IN MEMORIAL

LAUFFER, Louise.—In loving memory of our wife and mother who passed away one year ago, November 7.

We miss you from our home, dear mother.
We miss you from your place, A shadow o'er our life is cast.
We miss the sunshine of your face.
Daniel Lauffer and Family

Mrs. Lloyd Warning has just received a lovely tea set sent by her nephew Pfc. Clair Warning from Japan. She is most pleased with the gift.

Mr. and Mrs. Lloyd Warning entertained their nephew Gordon Warning of Peotone at dinner in their home Oct. 29 before he left for San Antonio, Texas, where is training as an air cadet.

Mr. and Mrs. Martin Medema motored to the home of his aunt in Muskegon, Mich., Friday where they spent the week end.

Martin Medema Jr., and Miss Doris Cummins joined them there Saturday.

Mr. Lyman Teague, Durward Fant, Loren Collins, and Rev. H. Morris, Jr., from the Methodist church motored to Marengo to consult the architect, Mr. H. B. Smith, Sunday.

The Bible study group of the Methodist church met with Mr. and Mrs. B. Needham Sunday evening.

If there were not so many colds and flu in the staff of this paper, this column would have been longer.

Cpl. Richard W. Martie, whose wife, Mildred, lives at 16806 Oak Park ave., Tinley Park, took part recently in Exercise Mudlark, annual fall training maneuver of the U. S. Forces in Austria.

Cpl. Martie, son of Howard E. Martie, Mokena, is a mechanic in the 510th Field Artillery battalion.

He entered the army in January 1952 and arrived overseas the following August from an assignment at Camp Chaffee, Ark.

Gustaf Thurm of Jacksonville, Fla. spent Tuesday with his niece Mr. and Mrs. John Scarth and family. He came to attend the funeral of his brother Paul Thurm held in Joliet Monday.

The Scarths accompanied him to the airport when he returned home Tuesday.

Mr. and Mrs. Edward Morrill of Longview, Tex., were weekend guests of Mr. and Mrs. Leo Marcoux. Together they attended the Illinois-Michigan game at Urbana Saturday.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

One of the most frequently recurring types of motor vehicle accidents is the rear end collision. In Illinois last year, 37 per cent of the

accidents—more than a third—were that type. Some of them were serious ones.

There are definite precautions you, as a driver, can take to avoid ramming the car ahead of you or being rammed by the one behind you. Whenever you see traffic conditions ahead of you which are going to require you to slow down or stop, tell the driver behind you by giving the proper arm signal—and do it immediately. The more warning you can give him, the less chance there is he will crash into you. Also, check your rear vision mirror so you will know what is happening behind you.

To avoid ramming into the car ahead of you, watch for signal from the drivers ahead. But don't depend on them entirely. Try to watch traffic movements as far ahead as you can. You may detect a dangerous situation developing before the driver immediately in front of you sees it, and you will be better prepared to avoid a crash than he will.

"First thing you know, you farmers will be wantin' shower baths!"

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Time will tell if Sir Sidney Palmer is stupid, or a self-assured Briton who knows how to handle Washington.

In few months, American public will get idea who controls Congress. Apparently, Sir Sidney thinks he does.

Sir Sidney, representing Malayan rubber interests, wants Congress to raise synthetic rubber price now.

Synthetic rubber now C.W. Harder sells at 23¢ per pound, keeping natural rubber down at 21½¢. This, Sir Sidney doesn't like. Low natural rubber prices foment communism, he says. If U. S. hikes synthetic price natural rubber will jump in price, too. This, he claims, will strike bitter blow at Communism. He doesn't mention what it will do for the profit picture of British and Dutch combines or Big American rubber interests with foreign plantations.

Sir Sidney wants to spring the same trap twice. In 1949, when Dean Acheson headed State Department, an International Monetary Conference decided to curtail U. S. World War II rubber plants to beat communism. Synthetic production dropped to its lowest level in years. Apparently Kremlin didn't know production cut would stop communism.

In fact, Kremlin soon started Kurea. Immediately British and Dutch rubber interests jumped in to deal a still harder blow at communism. With U. S. needing rubber badly, rubber price soared to over 70¢. But higher natural rubber prices didn't seem to stop communist shooting.

The U. S. took steps to reduce rubber price but taxpayers paid millions for the big gouge.

© National Federation of Independent Business

But now Sir Sidney says to stop communism, more money must be paid for natural rubber. He says government should raise synthetic price now to level that will prevail when private interests buy government plants.

Thereby hangs a tale.

Forthcoming sales of plants must be confirmed by Congress. Many Congressmen feel private enterprise should be favored.

But 9 of 13 plants are operated by Big Rubber for big fees with major oil companies also cut in.

Prospective buyer, cannot fully inspect properties operated by majors, eliminating chance for free intelligent bidding.

Big profits are at stake. In 1952, government made \$62 million profit. If subject to income tax, it would have still left \$31-million.

Sir Sidney is sure when private companies take over plants, synthetic price will jump 4 to 6¢.

Sir Sidney may have something. John Dulles, State Dept. head, says "friendly nations find it hard to believe that the U. S. the champion of free enterprise, competes with their natural rubber resources."

It's the same time sung by same department. And so many seem confident that when Big Rubber completes monopoly by owning all U. S. synthetic production, prices will zoom.

Action Congress takes in confirming sales of plants will be indicative.

Final vote may show Sir Sidney not as stupid as he appears. Unknown to most Americans, he may know Pennsylvania Avenue is a suburban extension of Downing Street, the great thoroughfare of world cartelists.

Research Brings Comfort to Travelers

This sleepy little tot will rest as comfortably while traveling as she would in her own trundle bed—thanks to modern research.

With a view to increasing the comfort of travelers, 20 years of exhaustive research went into the development of the spring and foam rubber mattress that is used aboard sleeping cars today.

All during that time, engineers of The Pullman Company checked and rechecked the component parts of the modern mattress, including spring construction, fabric coverings and various types of rubber.

From the standpoint of comfort, there is no comparison between the mattress of 1933 and the one of yesterday. In 1933, when George M. Pullman introduced the sleeping car, the finest mattresses consisted of South American black horsehair covered with feather and half-light cotton sheeting. These mattresses were hard, however, and passengers often criticized them. In sharp contrast, today's mattress, designed for comfort, consists of nearly 500 separate springs, each encased in a muslin pocket, with a foam rubber topping one and one-quarter inches thick.

To make certain that they conform to comfort standards, the 175,000 mattresses that are in service in 5,500 sleeping cars are inspected regularly. This is done either by trained inspectors or through laboratory tests of the parts that go into a mattress.

Furthermore, Pullman is constantly endeavoring to improve the quality of its mattresses. Each new development that is submitted to the company by manufacturers is investigated thoroughly. Because of the far-reaching developments in mattress construction, travelers now can enjoy the same sleeping comforts of home.

Farm Fire Loss Blamed on Neglect of Easy Rules

Last year fires like this cost American farmers 133 million dollars. Most could have been prevented or kept small. To prevent this kind of disaster on your farm, carry out these simple rules now: 1. When building or remodeling, use non-combustible materials. All-steel structures, such as Quonsetts, minimize spread of fire. 2. Protect all your buildings (including those of steel) with well-distributed, properly grounded, tightly-connected lightning rods.

3. Make sure electrical wiring is in A-1 shape. 4. Put heating equipment and chimneys in good condition. Make sure that every person who turns on or regulates heating equipment knows how to do it. 5. Take no chances with damp hay. Dry hay properly in field or mow. Check temperature of hay for six weeks. 6. Put fire-fighting equipment in every building and make sure that everybody on the farm knows where it is and how to use it.

AN EDITORIAL

Fear of Kidnapper Hangs Over Rich

The extent to which the fear of kidnapping has gripped many people of wealth since the Greenlease tragedy is illustrated by the following incident:
According to Community News Service, Andrew Kluch, operator of "The Barn" a restaurant at 8100 S. Parkside, Oak Lawn, was sued for \$5,000 in Circuit court Tuesday, Nov. 3. Suit was entered by Edward Simons, whose attorney declined to furnish his address.
Simons complains that he was seriously injured Sept. 16 of last year when a waitress in The Barn "poured hot liquid" on him. Kluch is accused of negligence in the suit. Simons refused to have his address listed in any way because he is wealthy, and fears his children are going to be kidnapped.

It is a sad commentary on

our civilization when wealth is penalized in this way—when people who have acquired wealth, often through years of struggle, cannot enjoy the fruits of their labors because of fear. The shadow of the kidnapper has been cast over every wealthy home. All too often the kidnapper gets away with it, and too often the innocent victims of the kidnapper—children in most cases—have their lives snuffed out despite every effort at ransom, as was the case in America's two most famous kidnapping cases—Greenlease and Lindbergh.
We all may hope that drastic steps will be taken by our law enforcement agencies to make the crime of kidnapping a thing of the past.

TINLEY PARK

8217-2 12L

IN MEMORIAM

YUNKER, George.—In loving memory of my loving husband and our father and grandpa who passed away November 14, 1952. God took you home with him to rest.
It was his will, He thought it best.
A helping hand to all he knew, He was so kind and generous, true.
On earth he really did his best, Grant him God, eternal rest.
LOVING WIFE and FAMILY

Mr. and Mrs. Reno Corsi have returned from an extended trip in and around California.

Mrs. John Wilkne and daughter Nanette are spending the winter months in Florida.
L. Rothenberg Jr. and Sr., have been quite successful hunting the past week. They managed to bag a number of geese.

Mr. and Mrs. Harold Riebe and daughters have sold their home on South street and are moving to Cumberland, Wis., November 16. Mr. and Mrs. William Fletcher and son of Chicago will be the new occupants.

The officers and teachers of the Tinley Park Methodist church

met Monday evening for the purpose of making preliminary plans for the Christmas season. Week end guests of Mr. and Mrs. Dallas Webster was Miss Rose Augustine of Chicago.

Mr. and Mrs. Ray Jacobs have received a letter from their son Gerald who is in Barranquilla, Colombia, South America. He writes that there probably will be few home runs at the ball park for during the next three to four months the wind blows steadily at about 60 miles per hour. Also, the boys will have to do a lot of adjusting in their mode of living as the level maintained there is far below our accepted standards here.

The condition of William Roemer, a patient at Silver Cross hospital in Joliet, remains about the same.

Elmore McArthur, a surgical patient at Silver Cross hospital is improving quite rapidly and expects to be home very soon.

Mr. and Mrs. Henry Olsen entertained at a birthday dinner Sunday for their daughter Paulette, who is six. Guests were grandparents, Mr. and Mrs. Adolph Ceithaml and Mr. and Mrs. Paul Haney. The birthday of Grandpa Haney is the same date as his granddaughter. Later in the day Paulette's aunts, uncles and cousins came to help make the celebration complete. Lt. Robert Moe arrived home

Oct. 24 on a 30-day emergency furlough. He went to Japan last December and was on the front lines in Korea when the truce was signed. He has been awarded the Bronze Cross for valor. His battalion adopted two towns in Korea with a population of 1800. These people are without food, clothing, or shelter. The soldiers are making generous donations and their families here in the states are sending boxes of warm clothing.

Mr. and Mrs. Richard Nitsche and daughters of Orland were Sunday dinner guests of Mr. and Mrs. Fred Nitsche.
Mr. and Mrs. C. Schara spent Monday evening visiting with Mr. and Mrs. John Munz of Crete.

The Willis Guth family were dinner guests of Mr. and Mrs. George Long of Cicero Sunday. Mr. and Mrs. C. Steinhagen were guests Sunday of Mr. and Mrs. Audrey Godwin in Chicago. Over-night guests of the Dallas Webster family Wednesday were, Mr. Webster's sister and husband, Mr. and Mrs. Henry Sattler of Toledo, Ohio.

Mr. and Mrs. Burney Hanko and children Judy Lynn and Donald of Cazenovia, Wis., visited at the home of her mother, Mrs. Peter Kneip for five days, recently.

The Bremen Home Bureau will meet Nov. 17, at 7:30 p. m. in the home of Mrs. Warren Sorensen, 17708 Hermine. The topic for the evening will be "Care of the Ear, Nose, Mouth and Throat."

The Tinley Hustlers 4H club will hold their Achievement meeting Friday 13, at 7:30 p. m. in the Farm Bureau hall, in Tinley Park. Friends are invited to attend.

Mrs. Walter Cesarz returned home Monday from a week's visit with her father, who is very ill in a Saginaw, Michigan hospital.

She planned to return there the latter part of the week. Mr. and Mrs. William Anderson spent Sunday with Mr. and Mrs. Walter Weissner, in Glenview, and enjoyed the Air show at Glenview air base.

Mr. and Mrs. Edward Henke and daughter Carol are spending a weeks vacation in Florida.

Mrs. William Kopp, Mrs. Leonard Splawski, Mrs. Richard Freund, Mrs. Knute Lovegren and Mrs. Voris Miller enjoyed a tour of the Merchandise Mart, conducted by the Cook County Home Bureau, with luncheon following at the Kungsholm.

A surprise party was given Saturday evening in honor of Roxanne Willis of Garden street in the home of Evelyn Vander Meer in honor of Roxanne's 16th birthday. She received many lovely gifts. The party was planned by Evelyn Vander Meer.

Free DeChant, and Rose Lumbert schoolmates of Roxanne. The guests were Jim Featherston, Bud Collins, Eugene Raus and Harry Hibner.

The directors of the Bremen State Bank held their regular monthly meeting Thursday night November 5.

Service men's News

Staff Sgt. Peter Kneip of the U. S. Airforce, was transferred recently from Chanute Field, to Camp Kilmer, New Jersey.

Col. Allan Kuech received his discharge at Ft. Sheridan Nov. 3. After a 6 month training period, in San Francisco, he was sent overseas where he served 18 months. He was stationed in Salsburg, Austria just before returning home. While there, he visited relatives in Germany, and also enjoyed a trip to Denmark and Holland. His cousin, Don Kuech received his discharge from the army Oct. 16.

Timely Tips

An old tooth brush makes a wonderfully handy tool for cleaning jewelry, combs or other hard-to-get-at places. Put a little household ammonia in soap suds, and you can whisk them clean in no time.

When things are too wet to iron, hang them up and let an electric fan blow on them. They'll be ready for ironing a lot sooner, and have a pleasant freshness about them.

Garden tools will winter well if they are scrubbed clean and all metal surfaces coated with oil before they are put away.

Try office desk blotters on your shelves under glassware and china. They're colorful, and will absorb any moisture that may collect.

That nasty onion odor can be completely obliterated from your hands. Just wash them in vinegar. To keep floors from being marred when moving furniture, slip old, heavy woolen socks over the legs.

A folded damp cloth placed under a mixing bowl will keep it from slipping while you are mixing.

When starch sticks and burns on the bottom of your iron, don't use an abrasive to clean it. Sprinkle a little baking soda on a damp cloth and rub the iron until clean. The soda won't scratch the ironing surface.

Tips on Touring

By Carol Lane
Women's Travel Authority

Johnny Appleseed and his tree-planting proclivities are part and parcel of the legends of early America. Most grade-school children can readily recite the story of the romantic figure who, according to folk lore, tramped across the countryside planting seeds to beautify the land for succeeding generations.

But few people realize the existence of modern-day Johnny Appleseeds who are also planting trees along the nation's highways. These real-life followers of the legendary figure are employees of many state highway departments throughout the United States. Though they may never be celebrated in song and story as their illustrious predecessor was, they are performing two valuable services for American motorists. Their tree-planting activities are resulting in more scenic highways and in fewer automobile accidents.

Today's "Johnny Appleseeds" plant trees in the center stripe of divided routes to break the headlight glare from approaching cars. They also place them on arterial borders to reduce sun glare, particularly on east-west thoroughfares. They have also found that trees can serve as effective backgrounds for highway signs which might not otherwise be seen by approaching motorists. Roadside tree planting is considered so important as an accident prevention measure that a typical state highway department spends \$30,000 a year on the project.

It is reported, however, that

HEATS FASTER... STARTS IRONING QUICKER... IRONS LONGER WITHOUT REFILLING... Gives you continuous steam for nearly two hours.

The lightest iron made for both Steam or Dry ironing—only 2 3/4 lbs.

David Bruns, Acting Postmaster at New Lenox, Resigns Post

David A. Bruns, acting postmaster at New Lenox since the death of Postmaster Ellis O. Daniel in July, has resigned the post. His resignation takes effect at once, and up to this time no successor has been named.

It is reported, however, that

GIVES YOU 70% MORE STEAM because of GRAVITY FEED

HEATS FASTER... STARTS IRONING QUICKER... IRONS LONGER WITHOUT REFILLING... Gives you continuous steam for nearly two hours.

Lester Brown, 41, of New Lenox, who has been with the Chicago post office since 1937, has been recommended for the vacancy by Congressman Noah Mason. There is no official confirmation of this. A permanent postmaster is to be named in the near future, after the examination papers are checked and graded, but the post office department recommended that a temporary appointment be made at once.

Mr. Bruns, his wife, two dau-

ughters and a son, have lived in says he is leaving for a better position.

From where I sit... by Joe Marsh

Sheriff's "Push" Pulls a Vote

Was talking with our newly elected Sheriff Williams the other day. He told me about a fellow who stopped by his place late one night just before election.

"Heard a knock at the door," he said. "Fellow I never saw before. Told me his car went dead down the road and would I give him a shove. My boy, Flip, and I went out to his car with him. We're all set to push when he steps on the starter and the motor turns over."

"Well, Flip and I just stood there when the fellow leans out

the window and says, 'Just wanted to make sure you're the right man to vote for.'"

From where I sit, the fellow who's quick to lend a hand makes any community a better one. But you don't have to run for office to prove you're a good neighbor. One way I know is just to have a little regard for the other fellow. Whether your neighbor likes beer or buttermilk, don't try to push him to your choice. Just give him your "vote of confidence."

Joe Marsh

You don't need "tracks" to subsoil big fields...

do it with the WD-45

Here is wheel tractor power that subsoils to a depth of 18 inches and covers lots of acres in a day.

The dynamic new WD-45 Tractor with POWER-CRATER engine and the Allis-Chalmers Mounted Subsoiler shatter toughest hardpan... let water soak in, not run off. If the going gets tough, automatic Traction Booster transfers weight to drive wheels... and you keep moving.

And the WD-45 has all the extra power you need for subsoiling... at reasonable price — \$2095.00; subsoiler, \$54.00; both prices f.o.b. factory. We'll gladly demonstrate.

PATENT QUIZ: Can a scientist own a patent on his invention of a new type atomic reactor?

prepared by NATIONAL PATENT COUNCIL Gary, Indiana.
INVENTOR: I have an idea that I think will make possible an atomic reactor at half the present costs and with greater efficiency. But you tell me I can't own the patent, can't receive royalties or anything tangible to justify the long, hard efforts necessary to make the thing work.
ATTORNEY: That's right. You can not own a patent as the law now stands. It's strange that Congress hasn't yet changed that law to permit the incentive of our Patent System to advance atomic technology and production.
ANSWER: No. Under the Atomic Act of 1946 only the U. S. Government can own patents on any device for producing nuclear fission.

This little chap, a "Pika" or species of rock rabbit, lives in the rock slides of the mountains near Jasper Park Lodge in the Canadian Rockies. "Throwing" his shrill whistle to conceal his location from camera fans and eagles, he's also a splendid agriculturist, who invests grass and sun dries it so rocky ledges for food during t winter.

Timely Tips

An old tooth brush makes a wonderfully handy tool for cleaning jewelry, combs or other hard-to-get-at places. Put a little household ammonia in soap suds, and you can whisk them clean in no time.
When things are too wet to iron, hang them up and let an electric fan blow on them. They'll be ready for ironing a lot sooner, and have a pleasant freshness about them.
Garden tools will winter well if they are scrubbed clean and all metal surfaces coated with oil before they are put away.
Try office desk blotters on your shelves under glassware and china. They're colorful, and will absorb any moisture that may collect.
That nasty onion odor can be completely obliterated from your hands. Just wash them in vinegar.
To keep floors from being marred when moving furniture, slip old, heavy woolen socks over the legs.
A folded damp cloth placed under a mixing bowl will keep it from slipping while you are mixing.
When starch sticks and burns on the bottom of your iron, don't use an abrasive to clean it. Sprinkle a little baking soda on a damp cloth and rub the iron until clean. The soda won't scratch the ironing surface.

BETTENHAUSEN TO RACE IN NATIONAL AAA
Tony Bettenhausen left Saturday for Phoenix, Ariz. where he is scheduled to race in the 100 mile National AAA Championship, Nov. 11. He will drive No. 99.
The 4th Pan-American Mexican road race, which starts Nov. 19, will see Tony driving a specially built car with a 297 H. P. Chrysler motor, which he will race in the sports car class.
This race will be comprised of eight legs, totaling 1933 miles, and extending from the Guatemalan border to El Paso, Texas, and will be run as follows: one leg each on the 19th and 20th and 2 legs on the 21st, 22nd and 23rd.
Tony was accompanied on this trip by Merle Belanger, who will race a Chrysler in the stock car class, and Jack Ryan, driver of the parts and repair truck. Tony called his wife Monday evening, from Los Angeles, having gone there to pick up the car for the Mexican road race. They expected to leave Los Angeles for Phoenix Tuesday.

MEETING ON BEES
A meeting of the Cook DuPage Beekeepers association will be held at 7 pm. November 21 in the Gage Park fieldhouse, 55th street and Western ave., Chicago. Election of officers will be held.

Mr. Mrs. L. Thiel of Mokena, See Son's Wedding in Germany
Mr. and Mrs. Ludwig Thiel, of Mokena, returned home Oct. 10 after spending four months with relatives in Germany. It had been 25 years since Mrs. Thiel had seen her sisters and brother, and 30 years since Mr. Thiel had been back to his birthplace. They spent two weeks in Berlin with relatives. It was necessary to fly to get into the city.
In speaking of the devastation following World War II, Mrs. Thiel said it was beyond description. Areas of many blocks which had contained large buildings are flat, although it is surprising the amount of reclamation that has gone on since the war ended. Many fine buildings have been erected over the ruins of the old.
Mrs. Thiel said that the people there are all very grateful to the United States for the help they have been given in the way of food, clothing etc. Clothing that has been sent has been painstakingly remade, and is worn to the point when it is threadbare.
The Thiels were fortunate in having their son, Lt. Gunther Thiel, who is stationed at the Rhine-Main air base, lend them his army car. With this car they were able to tour into Holland, Switzerland and to other places in Germany.
Among the outstanding events of their trip abroad was that they were able to attend the wedding of their son, who was married August 24 in the chapel at the Rhine-Main air base in Frankfurt, Germany. His bride, the former Miss Norma O'Rear, of Terre Haute, Ind., flew there. They were married at an 11 a. m. service by the army chaplain.
Gunther is teaching in the engineering headquarters. He met his parents at the pier in Bremer harbor.
It was very wonderful to have this reunion with their families, but also a strain upon them when the parting took place. The Thiels have relatives in the east zone of Germany whom they were not permitted to go to see. One day, however, these relatives were allowed to come to Berlin and visit with them for a few hours.
It was quite evident that the German people as a whole are opposed to communism, and the Thiels heard many statements by the German people that they do not want to go into uniform again, and want to keep out of war.

SUNDAY SERVICE—
(Continued from first page)
the first building, Rev. R. A. W. Bruehl, pastor of the First Methodist church, Blue Island, will give the meditation.
After the service an informal tea hour and open house will begin at 3:30 p.m. Rev. Paul Sanders, the foundation's director, is inviting everyone in the community to attend the 7 pm annual meeting in the main lodge.
The "House by the Side of the Road" was started in 1928 from an idea cherished by Rev. Sanders, and was built on land donated by the late Ernest Warren. The project has been an outgrowth of faith, and in the words of Rev. Sanders:
"This is a demonstration of what God can do working through people, countless numbers who have taken part in the growth and life of the foundation. Each year some new facility has been added to the center as a result of this fellowship of friends and workers. The center continues to grow in its dedication to the service of mankind, regardless of race or creed."
Ninety churches of all denominations have used the foundation grounds for conferences and retreats. Many YMCA and YWCA groups in Chicago use it for staff conferences. Some 20,000 young people have enjoyed square dancing, hayrack parties and other activities. The summer camp for boys and girls has been used by youngsters in this area as well as from all over Chicago. There have been many requests for a day camp, said Rev. Sanders, which may get under way next year.
Men from 30 Chicago area industries are represented at industrial relations meetings held each month at the foundation. An adult education program, organized this year by William Jenzlik, a new staff member, offers classes in Spanish, oil painting, ceramics, weaving, woodworking and world politics. There also is a class in marriage counseling. A gift shop, conducted with the new staff facilities, has attracted many people.
The foundation's farm last year attracted 890 children from 23 city schools. For many, it was a first glimpse of the farmer's way of life.
The Wayside chapel has seen many weddings and baptisms. Its Sunday vesper services are attracting increasing numbers of worshippers. Many have been helped with emotional problems, marriage crises and alcoholic troubles. Alcoholics Anonymous holds weekly meetings at the foundation.

Safe Trash Burner
Here's how one farmer made a safe, but very effective incinerator for trash and rubbish: He used an ordinary 50-gallon steel drum, and cut the top from one end. Four small holes were punched along the rim at the bottom of the other end to serve as a rainwater drain. A half dozen larger, 1 1/2-inch holes were punched six to eight inches above the bottom for a draft. It'll burn rubbish fast, but he keeps a sheet of metal for the top to shut off the flames—in case the fire burns too fiercely.

Tips on Touring
By Carol Lane
Women's Travel Authority
Throwing the light of common sense on your after-dark driving, can eliminate many of the hazards.
With daylight saving time at an end, you may be returning from your automobile outings after dark. If so, there is really no cause for alarm.
Experienced motorists I know actually prefer to drive after dark. They argue that fewer accidents occur at nighttime than during the day. What's more, they claim the night driver, aware that his range of vision is shortened, doesn't take as many foolish chances. Exponents of nighttime driving also point out that twilight or after-dark motoring is more restful on jangled nerves because usually less traffic is encountered.
Special nighttime bifocals or three-D lenses aren't necessary for nighttime driving—even if they existed—but a few simple precautions are. Have your head and tail lights carefully checked. Glaring headlights are a hazard to other motorists; dim lights, a danger to you. Be sure your car is in good working order because breakdowns are more serious after dark. Remember to drive more slowly because your distance vision isn't as good. Don't be sparing with your headlight dimmer; if you'll practice highway etiquette and dim your lights, chances are the approaching motorist will follow suit. Last, but not probably most important, be sure of your directions. It's easy to see your way after dark when advance signs are harder to see.

HOMER

Lockport, R. 1
Telephone Lockport 1387M

The Good Luck Camp of Royal Neighbors will meet in the town hall Thursday, Nov. 19, when Mesdames Theresa Hemphill, Francis Kolar, Anna White and Mary Konow will be the hostesses.

The Homer Woman's club met Wednesday afternoon of this week in the home of Mrs. Geo. Ott with Mrs. Owen Ott assisting hostess.

The Modern Woodmen of Homer were entertained in the Walter Konow home last Wednesday evening.

Mr. and Mrs. Jerome Paddock and Mrs. F. J. Paddock accompanied Mrs. G. L. Reed to her home in Evanston Sunday afternoon following a few days' visit in the Paddock home.

Mr. and Mrs. Fielding Wehrer of Waterman called on Homer friends Friday as they were en-

route to Indiana to visit relatives. The Wohrers are former Homer residents.

Mr. and Mrs. Louis Pelkey of New Lenox were guests of their daughter, Mrs. John Loucks and family Tuesday.

Mr. and Mrs. Frank Milne attended the christening of a daughter, Mrs. John Loucks and family Tuesday. The infant is the son of Mr. and Mrs. Dwight Milne Jr. who have recently returned from Guatemala where he was in the employ of the U. S. government. A family dinner followed at 6 o'clock.

Mr. and Mrs. Peter Wies, Mr. and Mrs. Walter Konow and Clarence Wies attended the funeral of their cousin, Irene Simand, at Berwyn last Friday.

Mrs. F. M. Milne and Mrs. Henry Rodgers arranged the fellowship dinner at Homer church last Sunday which was well attended. After the meal a short business session was held and a committee composed of Mrs. Iola Storm, Jerome Paddock and Robert Burch was appointed to plan the church dedication service which will be held in the near future. The C. A. C. held a "house warming" in the new Finley home in Lockport Saturday evening.

NEW LENOX

Delores Anderson
New Lenox 3133

An eighth grade luncheon will be given November 19 in the Haven school, New Lenox. Barbecues, pickles, cakes and drinks

will be served from 11:30 a. m. to 1 p. m.

Mr. and Mrs. James McCure have returned from a trip to the West coast. They stopped in Texas to visit with Corwin McClain and in California to see Mr. and Mrs. John Taylor and Mr. and Mrs. Leon Peck. They also visited Mexico.

Mr. and Mrs. Leonard Anderson and Mr. and Mrs. Earl Schroeder were called to Goshorn Lake, Saugatuck, Mich., Saturday by the sudden illness of Mrs. A. W. Walsh, mother of Mrs. Anderson and Mrs. Schroeder. Mrs. Anderson remained with her mother to care for her while the others returned home Sunday.

Mr. and Mrs. Erwin Yunker entertained at a birthday party Sunday in honor of their daughter Barbara who became seven years old on that day. Guests were Mr. and Mrs. Fred Yunker, Mr. and Mrs. Donald Yunker, baby Wanda and Susan Hentsch, Mr. and Mrs. Bloomquist and children, Donald, Dianne and Lois, all of Orland Park; Leonard Anderson, Dotie, Dale and Don. Refreshments were served and Barbara received many love-ly gifts.

Mr. and Mrs. Roy Garman entertained their pinocle group Saturday night. Prizes were won by Mr. and Mrs. William Collatz who will entertain the group November 20.

GIRL SCOUT NEWS

Troop 90 met Friday afternoon in the Haven school. The meeting was opened by Cheryl Sass, president.

The following girls made plans to work on the needlecraft badge: Jonette Roberson, Claudia Peterson, Joan Elliott, Catherine Beatie, Dotie Anderson and Prudence Rowe. The work will be done with Mrs. Clarence Luther as consultant. Four girls made plans to work on the mammal badge. They are: Betty Anderson, Cheryl Sass, Alma Lauffer and

Darlene Blaha. Plans were completed for the Court of Awards. Hostesses were Jonelle Roberson and Prudence Dowe.

Troop 97 met Wednesday in Oak View school. Mrs. Arthur Rowsell presided at the meeting as Mrs. John Olson was unable to be there. After a short business meeting Mrs. Kenneth Richardson presided reading the Brownie story. The girls learned to make change with money by playing store. Refreshments were served.

Troop 98 met Nov. 5, in the Methodist church. Following the business session money was collected from the girls present for the gifts and the order for the gifts made out. Shuffle board furnished recreation and refreshments were furnished by Janet and Judy Feil.

Troop 104 met Friday in the Haven school under the leadership of Mrs. Algot Peterson. Election of officers resulted as follows: Patty Burpa, president; Sue Lewis, treasurer; Kathleen Anderson, secretary. The girls started a new project; working on shell craft. Linda Stevens was hostess for the week.

Troop 140, under the leadership of Mrs. Rowe, met Thursday in the Lion's Den. The history of the Girl Scouts was discussed. The girls displayed the autograph book they made. Plans were made for the Court of Awards to be held with Troop 90 Nov. 18 in the Lion's den. Susan and Anne Higgenbotham from the Cherry Hill school were welcomed to the troop. Hostess this week was Mary Lynn Cummins.

ORLAND PARK

Mrs. Sherman Knox
Orland Park 211W

Mr. and Mrs. Richard Strom announce the birth of a son, Lawrence Paul, born Friday, Nov. 6 in St. Francis hospital; Blue Island. The infant weighed nine pounds, 12 ounces.

Mr. and Mrs. Thomas Robertson, Jr. and son, Mr. and Mrs. Thos. Robertson, Sr., Mrs. M. C. Hallinan and Mrs. L. Lyon of Blue Island, and Mr. and Mrs. John McIntosh of Palos Park and Carol Doogan were Sunday dinner guests of Mrs. Gustie Hallinan.

Mrs. Harry Rauch entertained her bunco club last Tuesday afternoon.

Mrs. Walter Yunker entertained her pinocle club Tuesday evening.
Rev. and Mrs. A. Lach and members of Christ Lutheran church in Orland attended a luncheon and meeting at the Trinity Lutheran church in Tinley Park, Nov. 4. Members were Mrs. Gustie Hallinan, Mrs. Herman Uthe, Mrs. Robert Horn, Mrs. Harry Rauch, Mrs. Philip Rauch, Mrs. R. Lillwitz, Mrs. Elsa Zerbs, Mrs. Wm. Dueshy, Mrs. Edward Dueshy, Mrs. Phil Uthe and Mrs. Edward Math-

er. A daughter was born to Mr. and Mrs. Clarence Creer Oct. 26 in the Little Company of Mary hospital. She has been named Diana Ellen and weighed four pounds and 14 ounces. Diana Ellen is remaining in the hospital for special care. Her grandmother, Mrs. E. Broadbent of Oshawa, Ontario, Canada spent the past week at the Creer home.

The WSCS of the Orland Park Methodist church will meet Thursday, Nov. 19 at the home of Mrs. Harry Anderson for an all day session. The "Day" group will hold their meeting in the forenoon, and after the luncheon period, and devotional period, the regular WSCS meeting will convene.

Members are to bring their contributions for Marcey Center at this meeting, such as large crayons, paint brushes, kleenex etc. Call Mrs. Stewart Loebe, who has a list of items requested, there may be other items you prefer to contribute. This meeting is one week advanced on account of Thanksgiving falling on the regular scheduled meeting date.

The Senior Girl Scout troop of Orland Park met Nov. 7. The members are making 50 tray favors for Thanksgiving for use at St. Francis hospital. We made 10 at our meeting and we still have about 25 more to do. Last Friday, we had a Halloween party at Betty Broncador's house. It was her birthday, so it was a combination Halloween, birthday and surprise party. The party began at 7:30 and lasted till about 9:30 p.m. A good time was had and we presented Betty with a yellow orlon sweater as a gift from the troop.
An important meeting will be held next Saturday, Nov. 14 at

5:30 in St. Michael's church basement. It will last until 7:00 and all members of the Senior Troop should be present.—Karen Perowski, publicity.

The Evening circle of the WSCS of the Methodist church met with Mrs. Earl Reish, Jr., Tuesday evening instead of the church parlors as previously announced.

The Adult Bible class of the Methodist church met in the Charles Cooper home Wednesday night.

Mrs. Earl Reish, Jr., entertained her bunco club Thursday night.

Mrs. Clarence Kramer injured her back when she slipped on the icy porch and slid down the stairs last Thursday morning.

Mr. and Mrs. Henry Bormet, William Hentsch and Frieda Farnet, attended the Mum Show, Sunday at the Garfield Conservatory.

SCIENCE and your Health

OUTLAW CELLS
by Science Features

In the nine months before a child is born it grows from a single cell to a fully-formed human whose body consists of some 200 billion cells. This growth by cell division continues until maturity, when natural "brakes" are applied and the cells stop dividing except to keep the body in good repair.

Sometimes, however, certain cells become "outlaws" and continue to divide, growing into clumps that harm the body. The result is cancer. How it develops, why it develops, and how it can be treated constitute one of the most challenging fields of medical research.

The traditional treatment for cancer consisted either of surgical removal of the tumor or its bombardment with X-rays or atomic radiation, but scientists attending a meeting in New Orleans recently heard a report that female breast cancer can be treated with a type of male hormone called Neodrol.

According to the report, 42 cases of breast cancer were treated with the hormone with relief of symptoms noted in 87 per cent of the patients. These results lend new support to the theory that the malignancy of cancer cells may depend to some degree on the action of hormones secreted by endocrine glands.

Best time to trade for BARGAIN BUYS IN TRUCKS

Chevrolet Trucks!

From light delivery to heavy hauling, there's a Chevrolet truck to fit your needs.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!

Buy no truck until you get our deal!

Be ahead on price! Chevrolet trucks are America's lowest priced truck line! It's easy to find a truck that costs more, but nowhere else will you find all the advanced features, all the thrifty power, all the ruggedness and durability you get in a Chevrolet truck.
Be ahead on operating costs! Both the mighty Loadmaster engine

on heavy-duty models and the rugged Thriftmaster engine on light- and medium-duty models squeeze more miles out of every gallon of gas. Chevrolet trucks cut upkeep costs, too.

Be ahead on trade-in! You're ahead with low first cost... you're ahead with low operating costs... and you're dollars ahead again when it's time to trade! That's because Chevrolet trucks traditionally command a higher trade-in value. Buy now and be ahead all ways!

ALPINE

Mrs. E. Mrosek
Orland 41-J-1

The Maue PTA will hold its regular monthly meeting in the school Friday, Nov. 13 at 8 p. m. A book fair will be the feature of the evening's program. Hostesses will be Mesdames Alberts, Andresen, Bean, Cummins and Gorman.

Dental examinations were given children of Maue school, Wednesday afternoon, by Dr. Winfield. He was assisted by a nurse and Mrs. Walter, who accompanied him, and Mrs. Roy Walker, health chairman of the PTA.

Grades three through eight of Maue school will go to Chicago by bus, to see the Book fair at the museum of science and industry, Monday Nov. 16. They will leave from and return to the school at the close of the trip. All should dress warmly. It is usually much cooler near the lake.

Mrs. Hazel Brown, Maue's upper grade teacher, was ill with the flu for a few days last week.

Mrs. Chester Williams and sons, Reed and Chal, attended the Junior class play at Orland High school in Orland, Friday evening.

Mr. and Mrs. Roy Walker and sons, Jimmy and Arthur, were guests at a birthday dinner given in honor of his sister, Carol, in the home of his parents, Mr.

and Mrs. Arthur Walker in Chicago, Sunday evening.

Russell Gilles, son of Mr. and Mrs. Anthony Gilles, formerly of Alpine but now of Mokena, has been a very sick little boy. He will be a while before he will be able to return to school. Alpine boys and girls who would like to send cards to their former playmate should address them to 113th avenue, Mokena.

Remember, 4H club members, Thursday, Nov. 12, is recognition night. The meeting will be held in the Homewood village hall, at 7:45 o'clock. Parents and friends are also invited.

The Maue school board met with Mr. Barter of 167th street, at the school, Monday evening, to discuss certain improvements which are to be made in the school.

Maue school will be dismissed at 1 p. m., Nov. 19, because of a teacher's meeting.

MARLEY

Mrs. Virginia Sass
Phone 3651

The Marley Missionary society will meet with Mrs. Harwood Stellwagen, Wednesday afternoon, November 18. The assisting hostesses will be Mrs. James Tilsey, Mrs. Richard Been and Mrs. Mary Marshall. Mrs. Herschel Aseltine will present the program. Her topic will be "The Union of South India". The devotion and prayer, "Faith in Christ the Savior: Power" will be given by Mrs. Everette Bell.

Miss Lois Sproat attended the Homecoming at the University of Illinois Saturday.

Mr. and Mrs. Fred Holm and Mrs. Bertha Holm of Worth were guests Sunday afternoon in the Louis Sass home.

Mr. and Mrs. Clayton Cleve-

land were visitors Sunday afternoon of the Ed Malnar in Tinley Park.

Jean Lauffer appeared in the piano recital given by the pupils of Mrs. Esther Fields Davies in the Richard Street M. E. church in Joliet Sunday afternoon.

Fred Sievert returned to his home Saturday from Silver Cross hospital where he was a surgical patient.

Guests Sunday in the Arthur Lauffer home were Mrs. Irene Boland, Mrs. Iva Martin and Mr. Julie Sonntag of Lockport.

Charles Medworth of Chicago visited old friends here Sunday.

Bonnie Sproat was a dinner guest Sunday in the Russell Lauffer home.

Mr. Harrison Haley of Kempton was a supper guest Tuesday in the home of Mrs. C. F. Haley.

Mr. and Mrs. George Yapp and family were dinner guests Sunday in John Handorf, Sr., home.

Mrs. Adella Paddock of Lockport, Mrs. Adella Sproat and Lois Sproat motored to Earlville Sunday, where they were guests of Mr. and Mrs. Jesse Cory.

Mr. and Mrs. E. D. Gillette, Mr. and Mrs. Edward Sproat and Mr. and Mrs. Russell Lauffer were guests Saturday night of Mr. and Mrs. Burton Gillette in New Lenox.

Mr. and Mrs. Robert Sproat were entertained Saturday night in the Howard Graening home in Park Forest.

Mr. Harrison Haley of Kempton was an overnight guest Thursday in the Stanley Coe home.

Why more than a million owners this year have chosen the "Worth More" FORD!

They have discovered first hand what the surveys show...
Ford, with all its fine-car features, is worth more when you buy it, and worth more when you sell it!

OVER A MILLION OWNERS can't be wrong! Ford is the one fine car in the low-price field. It gives you the "GO," the style, the comfort, and "build" of cars that sell for far more. And, it's only natural that Ford keeps its value better, in resale, than any other car on the American Road. Check the features below for some of the "Worth More" reasons for the swing to Ford.

Lowest-priced V-8 in America! And the only V-8 in the low-price field. Ford's high-compression V-8 power plant delivers its "Go" on regular gas!

Most Modern Six of all is Ford's high-compression, low-friction Mileage Maker. With Overdrive, it was the winner in 1953 Mobilgas Economy Run.

Smother Ride, with front-end road shock reduced up to 80%, is another Ford big-car feature...and you get it without gas-eating extra weight.

Fine-Car Build means using steel of the same quality and thickness as in costlier cars. Ford is the most completely insulated car in its field.

Fordomatic Drive is the only "automatic" in its field with the "Go" of an automatic intermediate gear plus the smoothness of a torque converter.

Finest Power Steering—that's Ford Master-Guide! Does up to 75% of the steering work yet retains normal steering "feel" on the straightaways.

GREAT TV! FORD THEATRE

BABSON SAYS—

Copyright—1953—Publishers
Financial Bureau, Inc.

Early last summer I discussed the 1953 crop outlook, which then was more or less tentative. Now the overall situation is more clearly defined. Despite the vagaries of summer and early fall weather, the outlook is for the third largest total production of record.

Most of my earlier crop forecasts have been well borne out. For instance, another billion-bushel-plus wheat crop already has been harvested, with much to spare. Total supplies for the 1953-54 season would, in fact, prove extremely burdensome were it not for Government support price of \$2.21 a bushel (national average at the farm).

Wheat farmers are taking good advantage of the loan, which means that prices may average somewhat higher. The gimmick, however, is this: An official curb on 1954 acreage! The piper must be paid!

Below average crops of barley, oats, and rye have been harvested. Nevertheless, supplies of these grains should suffice for indicated requirements. Higher prices should rule over the longer term. The flaxseed crop of 39,011,000 bushels is slightly above the 10 year average and will prove fully adequate. Although drought sharply reduced soybean prospects, the indicated U. S. outturn of 259,483,000 bushels is 18% above the 10 year average. Including record farm stocks, total supplies will easily suffice for 1953-54 requirements. Yet both flaxseed and soybean prices may work a little higher as the season advances.

Last summer's long, hot dry spell cut the nation's corn prospects, but not enough to cause real concern. The indicated crop of around 3,200,000,000 bushels is slightly under the 1952 outturn, but still 5% above the 10-year average. It should suffice, since the carryover was of average size. The support price of \$1.60 a bushel (national average) will ease marketing pressure. Later in the season, the price support program and the prevailing favorable feeding ratio may result in somewhat higher average prices.

The edible dry bean crop this year probably will be in the vicinity of 17,730,000 bags (100 pounds each), only slightly under the 10 year average, and will easily go around. Prices are under seasonal pressure, but should recover over the longer term. The U. S. potato crop of close to 374,000,000 bushels is about 9% below the 10 year average, but well above normal domestic consumption. My June forecast of a big U. S. rice crop is being well borne out; in fact, it will set a record high. Current price weakness in both potatoes and rice should be followed by some recovery over the longer term.

My earlier cotton forecast that a large crop would be planted, despite the Government's request for a sharp cut, is being fully realized. The indicated yield of 15,596,000 bales compares with the 1942-51 average of 12,215,000 bales. Including the August 1 carryover of 5,500,000 bales, total supplies for the 1953-54 season will be around 21,100,000 bales, or about 10,000,000 bales above indicated domestic consumption and exports. A lot of cotton planters will demand Government loans this season. Cotton farmers will pay for this splurge by a sharp cut in the 1954 national cotton acreage allotment.

Although I expect total cash receipts from farm marketings to decline moderately in 1954, they still will be sizable. Farmers on the whole should continue to prosper. However, certain sections, like Kansas, the dairy states and parts of the Southwest, are suffering. The problems of farm surpluses and a workable and fair price support program remain unsettled. Hard work, cost cutting, promotional programs, and a putting of the national interest above that of any one group will speed the solution. I will discuss the livestock situation in a later issue of this paper.

Chicago Show Will Feature Farm Youth

Farm boys and girls from across the nation will again play a major role in the 54th annual International Live Stock Exposition, according to officials of his world famed agricultural event.

Two important events are scheduled for Friday, November 27, as special features. A National 4H Livestock Judging Contest will be held in which state champion teams of 4H boys and girls will compete for the year's top titles in judging classes of beef cattle, horses, sheep, and swine.

The management announces a Friday evening Horse Show for the first time in the Exposition's history. The show is planned to shorten the judging programs of the 13 Horse shows that will follow during the 8-day run of the Exposition.

The International Junior Live Stock Feeding contest will occupy the arena all day Saturday, November 28. In this event scores of 4H and FFA boys and girls from many states will exhibit steers, lambs and hogs of their own raising—most of them

champion winners at Fairs held earlier in the year.

Ten times during the past 25 years youngsters have shown the International grand champion steer, considered the star animal of the livestock show year.

Motor Fuel Tax Law Amendment Effective Nov 1

November 1 was the date the new amendment to the Illinois motor fuel tax law went into effect requiring you to file for your refund within four months rather than six. Getting your claims in on time will eliminate the possibility of loss of refund for not filing within the new four-month period.

This information is reported

to us by N. G. P. Krausz, assistant professor of agricultural law at the University of Illinois College of Agriculture. He says the two month reduction in the time allowed for filing was passed by the general assembly in its recent session.

The main reason for the change is to get your refunds to you a lot sooner. It is believed that soon after the four month period becomes effective, payments will be made within 30 days after the claim is received.

You'll get your refund sooner because shortening the period for filing will more evenly distribute the number of claims and tend to eliminate the tremendous volume now being received twice each year.

An Ordinance

VILLAGE ORDINANCE NO. 378

An Ordinance to amend Section Three, Four and Five of Village Ordinance 312.

Be it Ordained by the President and Board of Trustees of the Village of Mokena, County of Will and State of Illinois as follows:

That Section Three of the Ordinance No. 312 of the Village of Mokena be and the same is hereby amended so as to read as follows:

Section 3. Residence District Uses. In the Residence districts the only uses which may hereafter be established or expanded are: (1) single family detached residences having a minimum ground floor area of not less than 624 square feet if a one-story house, and 576 square feet if a two-story house, (2) home occupations, and professional offices conducted in connection with residences by the occupants thereof and in a manner incidental and not detrimental to residential property, (3) one sign not larger than three square feet in area pertaining only to the sale, lease or identification of the premises on which displayed, (4) public and religious schools, but not private vocational music or dancing schools, (5) public libraries, (6) churches, (7) community centers, (8) parks, playgrounds and athletic fields, (9) tilling the soil in the open but not including operations causing noise or water pollution, (10) golf courses, (11) railroads but not yards or team tracks and (12) community water works and other public utility service facilities when authorized by action of the Village Board.

Primary or incidental uses specifically prohibited are: (1) open storage of building material and equipment except during construction for permissible uses, (2) raising of poultry, pigeons, bees, dogs, livestock and fur bearing and other animals for sale or for the sale of products therefrom, and (3) the occupancy of trailers, or any structure other than a single family detached residence meeting the minimum requirements of floor area, (4) the operation of trailer courts, tourist cabins or motels, (5) mushroom barns, (6) parking or storage of commercial motor vehicles except that one such vehicle owned or operated by the occupant of the premises may be kept within a fully enclosed building.

That Section Four of the Ordinance No. 312 of the Village of Mokena be and the same is hereby amended so as to read as follows:

Section 4. Business District Uses. In the business district any use may be established or expanded except: (1) fuel and building material yards, (2) manufacture of concrete products, (3) truck storage in the open and building or maintenance yards, (4) auto wrecking, (5) storage of junk or non-operable autos, (6) bulk storage of petroleum products for other than retail service stations, (7) grain elevators, (8) heavy manufacturing, (9) uses similar in character to the above, (10) any use which emits dust, gas, fumes, smoke, odor, or other wastes, or is especially hazardous, or causes noise or vibrations, to such extent as to be detrimental to adjoining property, (11) the occupancy of trailers, or any structure other than a single or multiple family residence, (12) the operation of trailer courts, tourist cabins or motels.

That Section Five of the Ordinance No. 312 of the Village of Mokena be and the same is hereby amended so as to read as follows:

Section 5. Industrial District Uses. In the industrial districts any use may be established or expanded except: (1) auto wrecking in the open, (2) junk

storage in the open, any use which highly pollutes the air with ill-smelling or noxious wastes, including glue factories, tanneries, fertilizer manufacture oil refineries, or dumping of garbage, dead animals or slaughter house wastes, (3) the occupancy of trailers, or any structure other than a single or multiple family residence, (4) the operation of trailer courts, tourist cabins or motels.

This amendment to take effect after its passage, approval and publication as provided by law.

Passed and approved by the Board of Trustees of the Village of Mokena, this 3rd day of November, 1953.

ALVIN S. SORESENSEN
Village Clerk

I hereby approve the above and foregoing Ordinance this 3rd day of November, 1953.

JOHN SCARTH

President of the Board of Trustees

Attest:
Alvin S. Sorensen,
Village Clerk

Portable Freezer on Fruehauf Keeps "Holiday" Troop on Ice

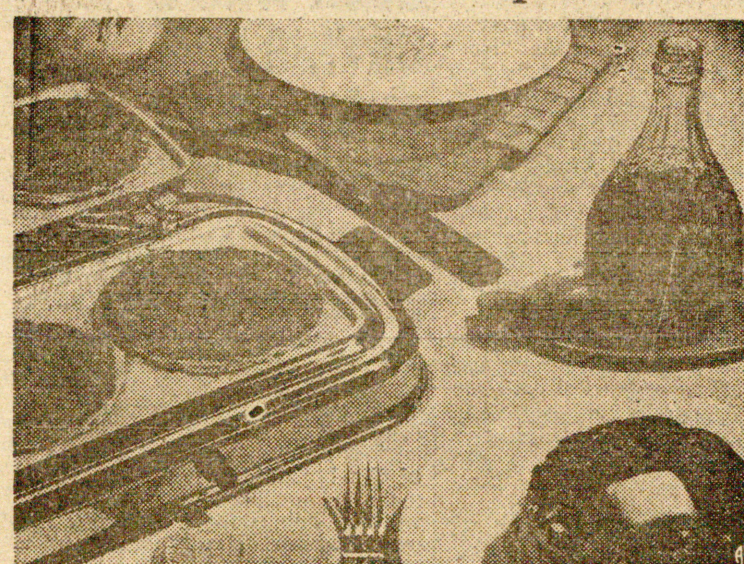

A special Fruehauf trailer equipped to produce the equivalent of 80 tons of ice in 24 hours is keeping the Holiday On Ice Review in operation on a world wide tour. This amount of ice will maintain a rink 60 feet wide by 120 feet long.

The show, which is now in Japan, is independent of local equipment as far as ice is concerned. The freezing unit is housed on a special custom built drop frame Fruehauf trailer weighing 38,000 pounds with equipment. It was built completely in the shops of the Fruehauf Milwaukee, Wisconsin branch. Its equipment comprises two Vilter 8x8 compressors and brine coolers, two 60 horsepower electric motors, two 10' horsepower pumps and a complete set of Cutler-Hammer controls.

Similar equipment is also making other trips including all parts of the United States, Europe, South America and Mexico bringing ice shows to parts of the world which have never seen anything comparable. The present Japanese venture is a "first" in that country.

When the Crowd Drops In

Impromptu entertaining today is made far simpler and more gracious with the help of modern equipment such as the electric grill. Plugged in right at the table and ready for service, the grill is a wonderful convenience for cooking and serving such as today's "All-American Meal" of pancakes and syrup. The pancakes can be baked while you chat and served piping hot. To spark the conversation, try this very special, quick variation of ready-mix pancakes, served, of course, with butter and warmed maple-blended syrup.

1 cup ready-mix for pancakes	1 cup milk
2 tablespoons sugar	2 tablespoons shortening, melted
1 egg, well beaten	1 teaspoon grated orange rind
	Maple-blended syrup

To pancake ready-mix, add sugar; mix lightly. Combine egg, milk, shortening, and orange rind. Add to pancake mixture, beating until smooth. Bake on hot lightly greased griddle, turning only once. Serve hot with butter and maple-blended syrup. Makes about 12 or 14 griddle cakes.

HELP Your

SAFETY PATROL

The prize winning poster for October dramatizes the necessity of supporting your safety patrol. The October poster, one of the top award winners in the national contest, will be distributed to 44,000 primary school classrooms throughout the Illinois and Indiana territory of the Chicago Motor Club. Along with the poster will be distributed lesson sheets explaining the safety theme of the month prepared especially for each age group.

Flexibility IN MECHANIZED MILKING

"BARN TYPE"
Installed in the dairy barn, along the stanchions, for any number of cows. Units are moved from cow to cow; milk is conveyed in milk house through delivery pipeline. No milk to carry, strain, pour or weigh. Mechanized cleaning.

"MILKING ROOM TYPE"
Installed in a separate milking room into which cows are brought for milking only. Cows come to steps. Elevated stalls eliminate stooping and squatting. Milks, weighs, conveys and automatically discharges milk. Mechanized cleaning.

Handle your milk in any of 3 ways!

Completely mechanized milking... as provided by the De Laval Combine Milker... is adaptable to any type of dairy and offers wide flexibility in planning and operation.

The "Barn Type" Combine meets every requirement of the dairyman who prefers to milk his cows in the stanchions... and does not want to build or use a separate milking room.

The "Milking Room Type" Combine is the choice of the dairy farmer who feels that a separate milking room best meets his needs.

Both types fully mechanize the milking operation—milk... convey the milk... filter it... weigh individual cow production, if desired... and automatically discharge the milk into cans, farm tank or over the aerator. And... both types provide rack-and-rinse cleaning by means of the De Laval Vacuum Cleaning Method. De Laval Combine Milkers offer the dairyman a mechanized milking system virtually custom-made to his needs.

Here's REAL Winter Protection for FORD OWNERS

It's when cold weather strikes that your car's electrical and cooling systems may grow balky. Has your Ford been checked over for winter?

The radiator, hose connections, pumps and belts should be inspected. The generator, battery and cables, spark plugs, too.

We're making Special Bargain offers all this month on many timely Shop Services. Here are 4 ways that you'll save by taking advantage of them:

1. Ford-Trained mechanics know your Ford best.
2. They use special equipment and tools that are right for Fords.
3. You save time and labor costs because they follow Factory-Approved methods.
4. They install only Genuine Ford Parts when and if replacements are necessary.

Now's the time...Drive in!

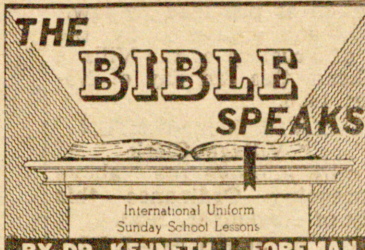

The "Welcome Mat" is out for you

Stewards Of God

Lesson for November 15, 1953

IF THERE is anything the Bible teaches clearly, it is that man does not own this earth. It is given him, not permanently, not to do with as he pleases, not to waste, not to use selfishly; but given him, to each generation, to use for the service of man and to the glory of God. Man is expected to contribute something of his own toil and thinking; expected to put something out as well as take something in. Human nature being what it is, we tend to take credit to ourselves for all we possess. However, when a man honestly recognizes how much of what he has comes to him as a gift from God, he can see that his life is a partnership with God, and that God as an investor in the human enterprise has the rights of a senior partner and owner of most of the stock. To act as if we ourselves were the lords of creation is plain dishonesty.

Dr. Foreman

The Church, God's Special Agent

Let it be said again, though it has been said before: The church is the one community on earth which is devoted solely to carrying out the purposes of God. The church is God's channel of action; the church is the body of Christ through which our Lord lives and works. The church is the one organization devoted to the "ideal world"—the kingdom of heaven—which aims at bringing about that world through the most fundamental of all methods, transforming life from within. The church is the one organization on the planet whose aims actually go beyond time, for its intention is to prepare men not only for usefulness here under the sun but for eternal life.

Now you would think that church members would realize this and act accordingly. But most of them do not. (Query: Is a "church member" who neither knows nor cares what the church is doing, a real member at all?) Look at these facts: Out of the total income of church families throughout the U. S. A., only 1.1 per cent is being given to churches and their work. Only 1.83 per cent of taxable income is deducted for gifts. Only about 45 per cent—less than half—of the present membership give anything of record for local church support; and only about 30 per cent give anything to the outreaching benevolent activities of the church. You might not be surprised that non-Christians are selfish; but when more than two-thirds of the enrolled church members don't put in one red cent for the unselfish purposes for which the church exists, something is rotten in Christendom.

Four Points In The Christian Program

Let us come to some more brass tacks. There is no argument among the leaders of all Christian churches that there are four major emphases in the program of the church. 1. Evangelism—winning new Christians. (If you don't believe in that, you are voting for Christianity's sickness and death.) 2. Christian education—training better Christians, learning how to serve as Christians in every walk of life. (If you don't believe in that, you are voting for an infantile kind of Christianity, blind to the problems of life today.) 3. Missions—spreading Christianity into new territories. (Don't forget that if it had not been for missionaries, your own race would never have heard the gospel.) 4. Stewardship—the active recognition of God as giver of life and life's possibilities, of God as senior partner in our lives, of the fact that what we have, we hold in trust for him.

Now it must be clear to any one who will take the time to think it over, that if point four is left out, the other three will just collapse.

What Is Your Church Doing?

At the grass-roots of this whole problem is the local church. What is yours doing to improve this situation of neglect? Does the minister preach on stewardship? Is stewardship studied in the church school? Do the adult study classes ever look into this matter seriously? Are new members "briefed" about being stewards of God? Do the young people's programs ever go into this?

(Based on outlines copyrighted by the Division of Christian Education, National Council of the Churches of Christ in the U. S. A. Released by Community Press Service.)

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The drive to increase postal rates on all mail, including newspapers, to reduce operating deficit, turns up interesting sidelights on U. S. Postal Service.

The lot of top career postal men is not the most happy one, and it is to their credit that they maintain an efficient service.

At various times, criticism crops up that P. O. service is staffed with people lacking understanding of business principles, but Congressional committee hearings on subject indicate statements of this nature are largely due to ignorance of the handicaps under which the service operates.

In usual business procedure, securing possible costs is routine practice. But postal officials are barred from this established business practice.

As an example Post Office has been compelled to pay air mail rates and subsidies fixed by the Civil Aeronautics Board.

Due to recent disclosures CAB now pays subsidies out of its pocket, as of Oct. 1st.

Thus an estimated total air mail subsidy for this year of \$80,655,000 will not be charged against postal service.

But the postal service, paying rates of 45 and 53 cents per ton mile as fixed by the CAB, will pay airlines \$56,070,000 this year for supposed service charges.

There is a lot of discussion that there is an element of subsidy even in the service rate of 45 cents per ton mile. In a recent

© National Federation of Independent Business

hearing, W. Lee Pierson, TWA head stated at least a part of the 45 cent rate should be considered as payment for services rendered, leaving a strong inference that part represents subsidy.

The Senate Small Business Committee announces independent airlines which CAB classifies as irregular, has made an offer to fly mail for 15 cents per ton mile.

And although this rate would knock off as much as \$40 million more from Post Office costs, the postal service is powerless to even discuss this offer, without CAB consent.

No one knows what a 15 cent per ton mile rate might do toward lowering other mail transportation costs. Testimony in a previous hearing established that in past few years rail mail rates have increased 95%.

Robert S. Henry of the Association of American Railroads estimates that rail rates for carrying mail are 16.2 cents per ton mile. In this rate, of course, is figured the transportation of the railway mail clerks.

However, competition has a strange way of working to lower costs. If the Post Office could fly mail for 15 cents per ton mile, in order to meet this competition, railroads might be able to refigure their mail rates.

It's interesting speculation, but will remain speculation unless Congress decides to give the P. O. authority to run the department on straight business principles.

But until such time that the Post Office is in a position to reject being loaded with unnecessary costs, and is able to bargain for services as a free agent on the open and competitive market, it appears that no increase in postal rates can be justified.

LOOK WHO'S CRYING FOR STATE HELP

The following editorial appeared in the Oct. 29 issue of the Peoria Journal:

"If there is any group in the state of Illinois which is guilty of failing in its obligations to the state it is the trucking industry."

The attorney general still is having to file suits in court in an effort to get some of the truck operators to pay us back license fees, which they refused to pay because the 1951 session of the legislature had increased them to a point where they were in line with charges assessed against the operators of private cars.

"Millions of dollars still are due to the state in license fees. Because of pressure brought on the legislature and the administration, trucks are getting a reduction in the fees to be paid for 1954 licenses. Regardless of that fact many of them still are refusing to pay up the fees on which they are delinquent. They are forcing the state to go to the trouble and expense of beginning court action to collect what they owe it."

Yet these same truckers, when they get in trouble run to the state for help. The state of Indiana has recently embarked upon a policy of harassment of Illinois truckers, arresting them on charges of not having proper public service commission permits. It has been customary for states to honor the licensing of trucks in other states under reciprocity agreements. Indiana has abandoned that principle.

"In an effort to get even and to force Indiana to honor Illinois permits, the Illinois Agricultural Truckers association has called upon Secretary of State Carpenter to enforce all Illinois laws against Indiana trucks. Secretary Carpenter, for reasons we do not know but whose action appears entirely logical, has turned a deaf ear upon the demands of the Illinois truckers. "Now they are going to file a writ of mandamus against him to force him to enforce the Illinois law against all Indiana motorists crossing the state line."

"Perhaps Secretary Carpenter is practicing a little reciprocity himself. If the truckers had paid up their obligations, he might be a little more receptive to their demands. It appears to us that the truckers have no right to demand action from the state when they still have not fulfilled their own obligations to it. But they can't understand that. They want service whether they have paid for it or not.

"It would be a good thing for them to know that reciprocity applies to fulfillment of obligations as well as to the reaping of benefits."

CHICAGO ARTIST DSIGNS 1953 CHRISTM'S SEAL

Chicago proudly boasts the first artist in many years to design the traditional Christmas Seal. The honor goes to Elmer Jacobs, 6101 North Sheridan

Road, whose design will greet millions from the face of the 1953 Christmas Seal.

The 47th annual Christmas Seal Sale will be launched November 16, the Tuberculosis Institute has announced. Over a million Christmas Seal letters will go out to Chicago and suburban homes as part of the Institute's program to stamp out TB in the Chicago area. Seals are sent in sheets of 100, selling for a dollar a sheet.

Christmas Seals constitute the sole support of the Institute's year 'round tuberculosis control program. Christmas Seals provide free chest x-rays, research, education and rehabilitation. A total of 616,975 persons in the Chicago area were x-rayed last year by the Institute and co-operating forces—more x-rays than were given by any other TB association.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Under the new Illinois drivers license act, instruction permits issued to persons learning to drive are good for six months, instead of only

five months. (Section 16, a, Drivers License Act.)

The instruction permit allows a person to drive a motor vehicle on the state's highways for the six month period, but only when he is accompanied by a licensed driver who has had at least one year of driving experience and who is seated next to the driver.

Every applicant for an instruction permit is required to take the same examination given to applicants for drivers licenses, except the road test. That includes an eye test, the test for recognition of road signs and the written examination on traffic regulations.

The six month period is intended to give the applicant an opportunity to become familiar with the operation of a motor vehicle. At any time during that period, when he feels he has learned how to drive a car, he may take the road test.

Keep Beef Cow Herd

Now is no time to sell your beef cow herd, G. R. Carlisle, extension livestock specialist at the University of Illinois College of Agriculture, says cows will continue to be a reasonable safe investment and will pay a

fair return for the roughage they eat.

Many Illinois beef cow herd owners have been faced with the question of whether or not to sell their herds after the recent beef price slump. Carlisle says the answer to that question can be found in another question.

That is whether your farm plan needs a beef cow herd year after year to provide a market for roughage that would otherwise not be used. If you answer "yes" to this question, Carlisle advises staying in the business.

On the other hand, if your answer is "no", Carlisle believes that you shouldn't have had a beef herd in the first place, and the sooner you sell, the better.

A beef cow herd is an especially poor business for the "in-and-out", as it takes several years to build and is a long-time investment.

Rep. John M. King Appointed to Important Post

Inside Rep. John M. King 114flu Representative John M. King, (R) of Wheaton, was recently appointed by the speaker of the House, Warren L. Wood, to the governing body of the Illinois Legislative Council. This group, made up of members of the House and Senate, and staffed by highly competent state government experts, is responsible for numerous research projects desired by the legislature on

various phases of government operation and reorganization.

King, who was most active in the National Citizens committee for the Hoover reports, stated: "I am most grateful to Speaker

Warren Wood for appointing me to this important post. It will enable me to get a better insight into the inner workings of state government, and as a result have at my fingertips bly.

access to competent research personnel. This can be of great help in working on projects in the future for state government reorganization and modernization."

King, who is the youngest man ever to be appointed to the Council, has recently completed his second session as a member of the Illinois General Assembly.

CARD OF THANKS

I wish to thank those who remembered me with cards, flowers and gifts while I was in the hospital and since returning home. Thank you again.
LOIS M. MINGER

Mr. and Mrs. Carl Baumann and family of Hobart, Ind., visited Sunday with his parents, Mr. and Mrs. Arthur Baumann.

Mrs. Conrad Sangmeister returned Saturday from Silver Cross hospital where she underwent major surgery.

George Falters spent the week end with Mr. and Mrs. Richard Femling at Ames, Ia.

Mr. and Mrs. Reuben Borm entertained at dinner Sunday Mr. and Mrs. Louis Legerski, Joliet and Mrs. William Stoner and Sheryl Lincolnwood, and Mr. and Mrs. Riley Flesher.

Mr. and Mrs. Howard Bobzin and Mrs. John Bobzin of Oak Park were Sunday guests of the Baumanns.

Mrs. L. F. Lepper, Kingsport Tenn., has arrived by plane for a visit with daughter, Mrs. W. H. Cave. Dr. and Mrs. Cave also had as a week end guest C. C. Cave, Mt. Vernon.

Katherine Cramling, East Ranelle, W. Va., has arrived to assist as housekeeper in the Cav home.

Mrs. Walter H. Peterson, Harvey, is a guest of her daughter, Mrs. Fred Redman.

Mr. and Mrs. William Seemann entertained Sunday with a reunion with members of her family. Guests were Mr. and Mrs. Dan Schmeichel and son Arlington Heights, Mr. and Mrs. E. J. Tietz Park Ridge, Mr. and Mrs. W. J. Tietz, Hinsdale, and William A. Christian, Chicago. Supper guests were Mr. and Mrs. Delbert Seemann and Allen, Mr. and Mrs. Howard Seeman and daughter, Mr. and Mrs. Orville Schinkowski and family, and Mr. and Mrs. Willard Christian and daughter of Chicago.

Mrs. Henry Breidert has returned from a week's stay in Silver Cross hospital.

The 40th anniversary of Mr. and Mrs. George Mager, Joliet was observed Saturday in the home of Mr. and Mrs. Lester Heisner. Mrs. Mager was given an orchid, and her husband a white carnation. Refreshments were served, including a three-tiered wedding cake. The Mager received a number of gifts. Present were Mr. and Mrs. Jake Mager and Mr. and Mrs. August Voh's Blue Island; John Mager, Chicago; Mr. and Mrs. John Bettenhausen, Mr. and Mrs. Jerome Dougherty and Charles Erickson all of Mokena; Mr. and Mrs. Edgar Chestnut, Bradley; Mr. and Mrs. Leroy Mager and Elaine, Mr. and Mrs. Arthur Geuther, Dora Wieland and Katherine Heisner.

Mrs. Arthur Burroughs, Chi-

cago spent last week with her cousin, Mrs. Blanche Mitchell.

A steak supper on January 12 has been planned by the WSCS of the Frankfort Methodist church.

Pvt. Ronald Warning is now serving in Germany with the replacement group. He writes that the place is beautiful where he is located and likes it there.

Gordon Warning, brother of Ronald Warning and son of Mr. and Mrs. Clarence Warning of Peotone left Monday for San Antonio, Texas, where he will train as an air cadet.

Mrs. Fred Klepper visited for a week with her sons, Rev. Robert Klepper of Prospect Heights and Clarence of Rockford. Clarence returned here with his mother to visit friends and relatives.

The Junior MYF of the Methodist church will meet at 7:30 p. m. Friday in the church.

The Gideons will have charge of services Sunday in both the Frankfort and Green Garden churches.

The Goodwill Industries will be in Frankfort during the week of November 16. Anyone wishing to have articles picked up may telephone Mrs. Blanche Mitchell at 3551.

Mr. and Mrs. Arthur Bauch and children and Mrs. Katherine Heisner saw "The Robe" Sunday in Chicago.

Mrs. William Wolfe returned Sunday from a stay in St. Joseph hospital.

The Frankfort PTA will give a roller skating party November 21 for the high school students. Admission will be the regular rink fee. Reservations for transportation may be made by telephoning 2671 or 3564 by November 16. A dance will be held on the same date for seventh and eighth graders and high school students who do not attend the skating party.

Mr. and Mrs. Leonard Robinson and family spent Saturday with his parents, Mr. and Mrs. O. L. Robinson, Oak Lawn, and on Sunday had as their guests Mr. and Mrs. Peter Helder, Columbus Manor, Chicago.

Mr. and Mrs. Norman Christian and family, Chicago, were Saturday guests of Mr. and Mrs. William Seemann.

Mr. and Mrs. Walter Mark entertained in honor of their daughter Peggy in their home at three functions in honor of her birthday. Last Thursday the neighborhood children were her guests; Friday her classmates were guests and Sunday a family dinner was served when Peggy's grandparents, Mr. and Mrs. Conrad Mark, Sr. and Mrs. Conrad Mark, Jr., Manhattan, and Mr. and Mrs. Dorothy Schroeder and Mrs. Dorothy Mines of Frankfort were listed. At each affair favors were given and a birthday cake was served with refreshments. Peggy received many nice gifts.

Monday, 7:30 p. m. Adult choir practice.

Tips on Touring

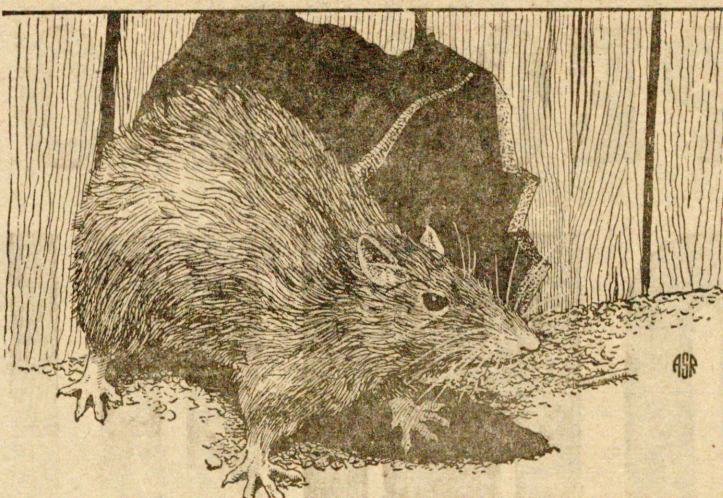

By Carol Lane
Women's Travel Authority

Now that school days are here again, try adding a fourth "R" to your child's conventional curriculum of reading, 'riting' and 'rithmetic. The fourth "R" I speak of is "riding" in your family car.

Riding will not only relieve your child from the tedium of his classrooms but afford him a painless route to learning. Since five days of his week are spent in the schoolroom, stimulate his enthusiasm for his studies through special week-end trips.

Plan these week-ends to tie-in with his curriculum by learning from him or his teacher his current subject matter. Then, sit down with him, and let the rest of the family, and study a road map of your own area. Concentrate upon a 200 mile radius around your home town, picking out the local sites and events which your child will find interesting and useful in his studies. You'll note museums, exhibitions, factories, state festivals, scenic sites, farms and special events—all of which will open up a whole new world of wonders for your curious child. Take a week-end trip to include such spots, and your youngster will gain a better-than-textbook view of the geography, nature, history and industry which he studies in school.

Now Is the Time to Kill Rats, Mice

Rats and mice move indoors when the mercury drops, so be prepared for the annual invasion. Pest control specialists say that an effective anti-rat and mouse

Clean Up Rubbish

campaign includes these three steps:

1—For good sanitation, remove all rubbish piles and stack lumber and firewood neatly on racks at least one foot above ground level.
2—Buildings in which grain and feed are stored should be rat-proofed, if possible. Informative bulletins on ratproofing may be obtained from your county agricultural agent.

Third and most effective measure in the autumn anti-rat campaign is baiting. Outstanding among the available rat and mouse killers is warfarin, a potent chemical discovered in the laboratories of Dr. Karl Paul Link, Biochemistry Dept., University of Wisconsin, by Drs. Mark A. Stahmann, Miyoshi Ikawa, and Link. Many communities are now achieving a "rat-free" status by using warfarin bait in local campaigns.

Ratproof Buildings

This particular bait kills all species of rats and mice common to the United States; it is a slow killer and does not create bait shyness; no pre-baiting is required; no tolerance develops; it is easy to use; it may be used in any climate or season at any temperature; it is comparatively safe to use; and it may be purchased as a concentrate or a ready-mixed bait.

Place Rat Bait

In using warfarin bait, it must be made available to the rats and mice at all times. Bait stations—shallow containers protected with a board or a wooden box—are usually examined every 48 hours. A limited number of permanent bait stations will kill newcomers and control reinvasion.
